PART I.

**Right of Inamdars in respect of
rate.**

No. R. 11740-50—L. R. 360-16-5, DATED 5TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 7450-9—L. R. 406-13-4, dated 31st January 1916, sanctioning the grant to Inamdars of a commission of Rs. 12 per cent on the amount realised as water-rate from their Kadim tenants on dry lands in Inam villages rendered irrigable by Government works of irrigation.

2. Summary of discussion on subject No. 82 of the Proceedings of the Representative Assembly of 1916, regarding the grant of further concessions in the matter and the reply of Government thereto.

3. Correspondence ending with letter No. 130, dated 5th February 1917, from the Superintendent, Revenue Survey in Mysore, furnishing his opinion on the subject.

4. Letter No. C. 3034, dated 17th—23rd April 1918, from the Revenue Commissioner in Mysore, submitting the views of the Deputy Commissioners of Districts along with his own.

Order No. R. 11740-50—L. R. 360-16-5, dated 5th June 1918.

The Inamdars have clearly no claims in respect of water-rates levied on dry inam lands irrigated by a Government source of irrigation.

Both the Revenue Commissioner and the Superintendent, Revenue Survey in Mysore, state that the commission of Rs. 12 per cent now being granted for collection of the water-rate is quite reasonable and that the Inamdars are not entitled to any further concession. Government agree with these officers and observe that no change in the existing arrangement is called for.

2. The Members who mooted the subject may be informed accordingly.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.

The Chief Engineer of Mysore.

The Superintendent, Revenue Survey in Mysore.

The Deputy Commissioners of Districts.

Encl.—C. R.

Irrigation Cess Fund.

No. R. 11751-61—L. R. 514-16-8, DATED 5TH JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. R. 2256-66—L. R. 514-16-5, dated 28th August 1917, sanctioning the Budget Estimates of receipts and expenditure under the Irrigation Cess Fund for 1917-18

2. Letter No. L. A. D. 1927, dated 21th January 1918, from the Comptroller to Government stating that the marginally noted amounts were available as balances to the credit of the several districts under the Ordinary Irrigation Cess Fund and that a sum of Rs. 2,12,387-11 6 was available at the credit of the 25 per cent General Irrigation Cess Fund on 1st July 1917.

Districts.	Opening balance to the credit of the Ordinary Irrigation Cess Fund
Bangalore	+ 11,733 5 7
Kolar	+ 69,065 7 8
Tumkur	+ 65,174 8 5
Mysore	- 35,707 1 6
Hassan	- 25,798 8 1
Shimoga	+ 1,21,910 11 7
Kadur	+ 34,032 6 11
Chitaldrug	- 6,461 8 3

Order No. R. 11751-61—L. R. 514-16-8, dated 5th June 1918.

In view of the correct balances to the credit of the various funds now reported by the Comptroller, the Budget Estimates of receipts and expenditure under the Irrigation Cess Fund for 1917-18 provisionally sanctioned in the Government Order read above will be revised as shown in the accompanying statement.

2. The excess expenditure referred to in para 6 of the Government Order of 28th August 1917 read above will be met in the case of the Bangalore and Kolar Districts from the ordinary Fund to the credit of these districts and in the case of the Mysore and Chitaldrug Districts, which already exhibit heavy minus balances, from the general funds as indicated in column 17 of the appended statement.

3. Government observe that the existence of a large number of irrigation channels in the Hassan, Mysore and Chitaldrug Districts, throws an abnormal burden on the resources of these districts, and places them at a disadvantage as compared with other districts which can never be equalised unless the present Government grant of 40 per cent is increased. Thus taking the figures of the sanctioned budget for the current year (1917-18) as more or less representing the normal state of affairs, it will be seen that the expenditure on channels in the Mysore and Chitaldrug Districts exceeds normal receipts by as much as Rs. 5,975 and 2,270 respectively and that the amount available for expenditure on other ordinary works after crediting the State grant and debiting the expenditure on the channels comes to Rs. 15,042, 4,338 and 19,308 in the Mysore, Chitaldrug and Hassan Districts, respectively, which represents a ratio of 32%, 20% and 65% respectively to the normal receipts against 75% allowed by the rules. The Chief Engineer for Irrigation is requested to examine the orders on the subject and submit proposals in the matter of suitably enhancing the State grant so as to place these three districts on a par with the other districts in the matter of the allotment available for ordinary works.

B. RAMASWAMIYA,
Secy. to Govt., Rev. Dept.

To—The Comptroller, Mysore Government, Public Works Branch.
The Revenue Commissioner in Mysore.
The Chief Engineer for Irrigation in Mysore.
The Deputy Commissioners of Districts.

READ—

Correspondence ending with letter No. A. C. 38, dated 2nd April 1918, from the Revenue Commissioner in Mysore, forwarding after necessary revision, the papers (printed as accompaniment) relating to the joint investigation of the frontier boundary between certain villages of the Harpanahalli Taluk of the Bellary District and of the Jagalur and Davangere Taluks and Harihar Sub-Taluk of the Chitaldrug District, and recommending that the boundary line may now be fixed as agreed upon at the joint enquiry.

Order No. R. 12188-90—L. S. 1-16-6, dated 17th June 1918.

The Revenue Commissioner's recommendation which is agreed to by the Superintendent of Revenue Survey and Settlements in Mysore, is approved. The boundary line will be accordingly laid out and the necessary alterations made in the village maps and accounts.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore returning enclosures.
The Superintendent, Revenue Survey and Settlements in Mysore.
The Deputy Commissioner, Chitaldrug District.

PRESS TABLE.

End.—c. R.

No. R. 12188-90—L. S. 1-16-6, DATED 17TH JUNE 1918.

Notes of inspection of Mysore boundary between the Harpanahalli Taluk and Jagalur and Davangere Taluks and Harihar Sub-Taluk of Chitaldrug District by the Land Records Inspector L. Srinivasa Moorthy and by the District Surveyor Srinivasa Subbaji Sirsi in the month of September 1915.

Bellary Collector's Reference G. C. No. 4473, dated 20th July 1915.

Chitaldrug Deputy Commissioner's No. 67, dated 18th July 1915.

Sketch No. I.—Arasikeri and Basavanakota villages. There was an encroachment of 20 cents in survey Nos. 243 and 249 of Basavanakota village adjoining survey No. 205 of Arasikeri. This extent has to be given up. British village accounts and plan have to be altered.

Sketch No. II.—There was an encroachment of 5 cents in survey Nos. 237 and 236 of Mysore Basavanakota village adjoining survey No. 202, of the British village of Arasikeri. This extent has to be given up. British village accounts and plan have to be altered.

Sketch No. III.—Hosakota (British) and Basavanakota (Mysore) villages. British boundary line runs along A, B, C, D as shown in the combined sketch. Survey No. 301 of Hosakota is Hagari river Peramboke. A part of it, i.e., half of the portion of the river to the north of it belongs to the Mysore village. Apart from it another piece of land now demarcated as a new survey No. 411 is also river bed. Half of it by right belongs to the British. This had been left out in the original survey. Survey No. 304 has now been sub-divided into A and B. Sub-division A (extent 92.74 acres) is the Hagari river and entirely belongs to the British. Half of sub-division B (2.39 acres) has to be given up to the Mysore authorities. So also half of survey No. 411 (i.e., 3.59 acres) has to be added to the British village. The net gain in Hagari Peramboke to the British is 1.20 acres. The northern boundary of the river adjoins survey No. 22 of Basavanakota. Hosakota survey No. 325 adjoins survey Nos. 23 and 24 of Basavanakota, which are patta lands. Mysore bandhs and stones have been planted at the bends and corners. British survey No. 326 is a waste land. Original demarcation of Hosakota seems to be wrong. In the combined sketch the black lines are the original boundary of survey No. 326. The red lines are the real boundary lines after investigation. The patch of land marked M has been left out both by the British and Mysore authorities. This has now been included in the village of Hosakota. The portion N has already been included by the Mysore authorities. The portion P had been wrongly included by the British. This has to be given up to the Mysore authorities. The raiyat has been paying assessment thereon to both the Governments. The portion R remains the same. The Survey area of survey No. 326 is 6.23 acres with an assessment of Rs. 2-5-0. The present area of the same is (by computation) 8.78 with an assessment of Rs. 3-5-0. The net gain in this field is 2.55 acres with an assessment of Re. 1-0-0. On the whole, in this village there is a gain of 3.75 acres and an assessment of Re. 1-0-0.

In the Block sheet of Hosakota village the boundary of survey No. 326 is shown (without any measurements) according to the boundary of the Mysore Territory and is accordingly demarcated, but in the village plan it is not so. The Block sheet has been subsequently corrected as per village plan. The British plan and accounts have now to be changed.

Sketch No. IV.—Madihalli (British) and Uchangipura (Mysore) villages. Survey No. 194 of Madihalli adjoins survey Nos. 5 and 3 of Uchangipura. All the fields are cultivated ones. Mysore demarcation is according to enjoyment. British one is not so. Hence British plan has to be changed. By the change of boundary 0.08 acre of land has to be given up to the Mysore authorities and the like extent is gained. Therefore there is no change in the village accounts. The plan and sketches of Madihalli have to be corrected.

Sketch No. V.—Madihalli and Uchangipura villages, survey No. 195 of Madihalli adjoins survey No. 88 of Uchangipura to the east and survey No. 86 to the south. All are patta lands. Mysore demarcation is according to enjoyment. Black ink lines are the British boundary. The red lines are the Mysore boundary. To the east the British have gained 4 cents and to the south 29 cents and lost 3 cents. On the whole the British gain is 30 cents of land with an assessment of Re. 0-2-0. Madihalli village accounts and plan have to be altered.

Sketch No. VI.—Survey No. 273 of Madihalli adjoins survey No. 86 of Uchangipura in the Mysore Province. Both are cultivated lands. The British have encroached an extent of 13 cents. As the Mysore demarcation is according to enjoyment, Madihalli plan and accounts have to be altered. The British loss in this field is 13 cents with an assessment of Re. 0-1-0.

Sketch No. VII.—Survey No. 669 of Anajigeri of Bellary District which is a peramboke land adjoins survey Nos. 78 and 79 (both occupied) and survey No. 80 (assessed waste) of Asagodu and 23 and 24 (occupied lands) of Badabasavanahalli village of Mysore Province. The occupied lands of Mysore villages have been properly demarcated with bandhs and they are as per enjoyment on ground. British demarcation is wrong. On joint investigation it is settled to change the British boundary line as shown in red lines in the sketch. The portion marked N is an encroachment into the Mysore Territory and that marked M has been left out by

No. R. 12188-90—L. S. 1-16-6, DATED 17TH JUNE 1918.

both the Governments. The former measures 0.16 acres which has to be given up and the latter measuring 1.40 acres has to be added to Anajigore village survey No. 669. The net gain to the British is 1.24 acres. Anajigore plan and accounts have to be altered.

Sketch No. VIII.—Ramaghatta survey Nos. 108, 113 and 114, adjoin survey No. 239 of Asagodu village. Mysore boundary runs in a straight line as shown in red line. British boundary has bends and it is shown in black lines. All the survey numbers are patta lands. A narrow strip of land measuring 78 cents. is in nobody's occupation. The British and the Mysore authorities have left this portion during their surveys. It is now waste. It has been separately made into a new survey field No. 484 of Ramaghatta village. The portion marked M (extent one cent) is an encroachment into the Mysore Territory. British original demarcation at the place marked X does not coincide with the Mysore demarcation stone. This has now been changed so as to coincide with the Mysore boundary stone. By so doing 5 cents of land has to be reduced in survey No. 108 of Ramaghatta. Of these 5 cents, one cent has to be given up to the Mysore State. The remaining 4 cents has been added to the new field 484. The net gain to Ramaghatta is (82 cents—5 cents) 77 cents of land with an assessment of Re. 0-4-0. The total area of the newly formed survey number is 82 cents. Ramaghatta village accounts and plan have to be altered.

Sketch No. IX.—Singarihalli (British) and Obajjihalli and Malagondanahalli (Mysore) village.

British boundary line runs in a straight line from boundary stone to boundary stone Mysore boundary line runs in a more or less curved line. The bends are properly demarcated by the Mysore State. At the place marked X in the combined sketch which is a tri-junction boundary station between Singarihalli, Obajjihalli and Malagondanahalli, there is an old *pre-paimash* pillar marked with Sun, Moon, Fire and Conch (signs of old Hindu kings.) From this it is plain that the British demarcation during survey was not properly made. The British boundary line has therefore to be changed in accordance with the Mysore border. Moreover, survey No. 167 is an occupied land and a British raiyat has been cultivating the land up to the Mysore boundary line. Survey No. 166 is an assessed waste. The portion marked N measuring 5.76 acres has to be added and the portion marked M measuring 6.97 acres has to be given up by the British. The net loss in extent is 1.21 acres, but there is a gain in assessment by 9 annas to the British, as the rate of assessment of survey No. 166 is 2 annas and that of survey No. 167 is 4 annas an acre.

Sketch No. X.—The boundary line of the Mysore State is in a curved line and the British boundary is in a straight line. There is some mistake in the demarcation line of the Mysore Territory. In the joint investigation it is proposed not to make any alterations in the British village. The Mysore authorities have taken the portion between the red and black lines and have made it into a new survey field No. 260 of Kondajji. It measures 3.99 acres. It is a gain to the Mysore State.

Sketch No. XI.—Ragimsalvada and Kondajji villages.

In perambulating the boundary of Siraganahalli village, a narrow piece of land in Kondajji village has been encroached upon by the British. After investigation 1.83 acres of land has been encroached upon by the British into survey No. 132 of Kondajji village. Though survey No. 249 of Ragimsalvada is a patta land, this piece of land is uncultivated. This is a clear encroachment. It has to be given up to the Mysore State. Therefore, survey No. 249 has to be reduced by 1.83 acres and the assessment by seven annas.

Sketch No. XII.—Siraganahalli and Kenchanahalli and Kondajji villages. A triangular piece of land measuring 2.06 acres has been left out in the original survey of both the Territories. It has now been included in survey No. 179 of Siraganahalli. There is therefore a gain of 2.06 acres and assessment of 8 annas to the British.

General Abstract.—There is a gain of 4.70 acres of land and an assessment of Rs. 1-15-0 to the British and a gain of 3.99 acres to the Mysore on the whole.

Statement showing the results of joint investigation of the boundary between the Haripurah Taluk of the Bellary District and Jagalur Taluk, Davangere Taluk and Haripur Sub-Taluk in the month of September 1915.

**Mysore Season and Crop Report
for 1916-17.**

No. R. 11836-85—AGRI. 44-17-5, DATED 6TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 246-63—Agri. 3-16-3, dated the 6th July 1916, issuing instructions for improving the existing system of collecting, compiling and publishing Agricultural Statistics in the State.

2. Letter No. C. 1987—17-18, dated the 11th February 1918, from the Revenue Commissioner in Mysore, forwarding the Mysore Season and Crop Report for 1916-17 with his review on the several parts thereon.

(Printed as Accompaniment 1)

3. Letter No. 272, dated the 13th March 1918, from the Director of Agriculture in Mysore, submitting his remarks on the above.

Order No. R. 11836-85—Agri. 44-17-5, dated 6th June 1918.

Recorded.

2. The Agricultural outlook disclosed by the Report is on the whole satisfactory. The average rainfall for the year was 45·74 inches, or 7·18 inches more than in the previous year. There was a general increase not only in the area under occupancy, but also in the cropped area and the proportion of the latter to the former, and the out-turn of crops was also better. It is significant that the areas devoted to the cultivation of sugar-cane, cotton and groundnut have been gradually on the increase.

3. Coming to Part II of the Report, Government observe that the standards of out-turn of the same crop for different taluks in the same district exhibit very wide divergences. The rates now shown are said to be those tentatively approved by Government in their Order No. R. 163-71—Agri. 102-09-7, dated 1st May 1912, or 6 years ago. They seem to stand in need of urgent revision. The attention of the Revenue Commissioner and the Director of Agriculture is drawn to the remarks of the Special Committee at para 8 of their report appended to the Government Order of 6th July 1916 (Serial No. 1 of the preamble) and they are requested to submit in consultation with each other, definite proposals for revising these rates and securing greater accuracy.

4. Part III of the Report has been revised and amplified in accordance with the Special Committee's recommendation and contains for the first time interesting information about the rail-borne trade in Mysore. The question of devising suitable measures for collecting statistics relating to the road-borne trade, so as to make the information about exports and imports complete is engaging the attention of Government, separately.

5. This is the first report prepared and issued in accordance with the revised instructions contained in Government Order of the 6th July 1916 read above and Government are satisfied that it has on the whole been carefully drawn up. Attention has, however, to be drawn to the following omissions and discrepancies :—

(1) The area given under forests in column 3 of Table A 2, Part I, exhibits remarkable fluctuations from year to year and the figures do not tally with those given in the Forest Administration Report. Details regarding the various kinds of forests should have been furnished under a foot-note, as required in para 4 of the explanatory Memo.

(2) The total irrigated area has been shown as 10,06,550 acres as against 854,892 acres furnished in the State Administration Report. This requires explanation.

(3) In Table D (b) only one land holder is shown as paying a kandyam of over Rs. 500. This requires verification. It should also be stated in future reports

No. R. 11836-85—AGRI. 44-17-5, DATED 6TH JUNE 1918.

whether these figures represent the assessment paid for a single village or the taluk or the district as a whole.

6. Government agree with the Director of Agriculture that the usefulness of statement D (a) would be enhanced by adding columns to show the percentage of the different classes of holdings. The Revenue Commissioner is requested to give effect to these suggestions in future reports.

7. The publication of the Report has been very much delayed. The Director of Statistics is requested to make necessary arrangements for ensuring the publication of future reports, before the end of December following the year to which it relates. The report will as usual be published in the *Gazette*.

RAED:—

The Report on the Registration of Rainfall in Mysore during 1917, received with letter No. 638, dated 8th May 1918, from the Meteorological Reporter to Government.

Order No. R. 11766-75—Agri. 64-17-3, dated 5th June 1918.

Recorded.

2. During the year two new raingauge stations were opened. The total number of stations was 226, of which 201 or 89 per cent were inspected, as against 213 or 95 per cent, during the previous year. The inspection work during the year was unsatisfactory, especially in the Bangalore District, where as many as 11 or 82 per cent of the stations, remained uninspected. The Deputy Commissioners of the Districts concerned should take prompt steps for the immediate inspection of the stations left out and intimate the same for the information of Government. Now that Amildars have also been empowered to inspect these stations, it is hoped no station will be left uninspected in future.

READ—

Government Notification No. R. 7866—Ft. 129-15-3, dated 10th February 1918, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Ankasandra Forest Block in the Gubbi and Sira Taluks.

2. Letters Nos. C. 1882, dated 7th January 1918, and 9th May 1918, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letters Nos. 313, dated 26th October 1917, and 791, dated 4th May 1918, reporting on the conclusion of the settlement of the block.

3. Letter No. 7194, dated 21st February 1918, from the Conservator of Forests, stating that the Forest Settlement Officer's decision may be altered by including some lands which he has excluded and by closing certain rights of way.

Order No. R. 11821-4—Ft. 134-17-6, dated 6th June 1918.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the block a State Forest with effect from 1st July 1918, will be published in the Gazette.

2. The Deputy Commissioner, Tumkur District, is requested to duly promulgate the boundaries of the block in the villages concerned.

3. The assessment of the undermentioned assessed occupied waste lands included in the block, should be written off the accounts.

NOTIFICATION.

No. R. 11825—Ft. 134-17-7, dated 6th June 1918.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st July 1918, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights at foot thereof.

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block
Tumkur	Gubbi and Sira	7,100 acres or 11.09 sq. miles.	Ankasandra

Boundaries.

North.—Starting from the junction bandhs at the south-west corner of Survey No. 13 of Bodathimmanahalli, the line runs east along the southern boundaries of Survey Nos. 13 14 and 15 to a point about 18 chains west from the north-east corner of Survey No. 11; then south-east for about 35 chains through Survey No. 11 to the south-east corner of the said survey number; then north-east for about 34 chains through Survey No. 8 to a point on its eastern boundary about 8 chains south from its north-east corner; then north-east for about 15 chains through Survey No. 7 to a point on its eastern boundary about 9 chains south-east from the south-east corner of Survey No. 6; then along the common boundary between Bijjanbella and Bodathimmanahalli villages to the tri-junction bandhs of the said villages and Malenahalli; then along the northern and eastern boundaries of Survey No. 22 of Malenahalli to the south-west corner of Survey No. 24; then south-west for about 22 chains through Survey No. 22 to a point about 6 chains north-west from the north-west corner of Survey No. 16; then south-west for about 22 chains to a point on the southern boundary of Survey No. 22 about 5 chains west from the south-west corner of Survey No. 17; then again in the same direction for about 16 chains through Survey No. 20 to a point about 5 chains south-west from the south-west corner of Survey No. 18; then south-east for about 9 chains to a

No. R. 11821-4--Ft. 134-17-6, DATED 6TH JUNE 1918.

point on the western boundary of Survey No. 19, about 8 chains south from the south-west corner of the abovenamed former survey number; then east for about 2 chains to a point about 10 chains south-west from the south-east corner of Survey No. 18; then south for about 8 chains through Survey No. 19 to a point about 7 chains south-west from its south-east corner; then south-west for about 14 chains through Survey 11 of Naikanahalli to a point on the northern boundary of Survey No. 10 about 6 chains west from the south-east corner of the former survey number; then due south for about 11 chains and east for about 6 chains to a point on the eastern boundary of Survey No. 10, about 5 chains south from the north-west corner of Survey No. 13; then along the eastern boundary of Survey No. 10 to its south-east corner; then south-east for about 17 chains to the north-west corner of Survey No. 5; then along the northern boundaries of Survey Nos. 5 and 4 and eastern boundary of the latter survey number to its south-east corner; then south along the eastern boundaries of Survey Nos. 43 and 36 of Dasappanahalli and southern boundary of Survey No. 37 to its south-east corner; then south-west for about 33 chains through Survey No. 35 crossing a halla to a point on its southern boundary about 13 chains west from the north-west corner of Survey No. 29; then south-east for about 13 chains through Survey No. 34 to a point on its eastern boundary about 9 chains south-west from the north-west corner of Survey No. 29; then north-east for about 20 chains through Survey No. 30 to its north-east corner; then along the common boundary between Kurubarahalli and Dasappanahalli villages to the north-west corner of Survey No. 21 of the former village; then along the northern boundaries of Survey Nos. 21 and 22 of Kurubarahalli to a point about 7 chains north-west from the north-east corner of the latter survey number; then south for about 10 chains to a point on the northern boundary of the tank (Survey No. 28) about 6 chains west from the south-east corner of Survey No. 22, then along the northern, western and southern boundaries of Survey No. 28 to a point about 6 chains north-west from the north-east corner of Survey No. 27; then south-west for about 32 chains through Survey Nos. 27, 25 and 18 to a point about 10 chains south-west from the north-east corner of the last named survey number; then east for about 23 chains through Survey Nos. 18, 17 and 14 to a point about 6 chains south-east from the north-west corner of the last named survey number; then north-east for about 5 chains to the junction of two hallas; then again in the same direction through Survey No. 33 to its north-east corner; then along the eastern boundary of Survey No. 34 to its north-east corner; then north-west for about 13 chains to a point about 12 chains north-east from the north-west corner of Survey No. 34; then almost east for about 15 chains through Survey No. 30 to a point on its eastern boundary about 15 chains south from its northernmost corner; then east for about 41 chains to the south-west corner of Survey No. 2 of Honnenahalli; then along the southern boundary of the said survey number to its south-east corner; then north-east for about 16 chains through Survey Nos. 11, 9 and 10 crossing the halla to a point on the eastern boundary of the last named survey number, about 5 chains north-west from the south-east corner of Survey No. 10; then north-east for about 16 chains through Survey Nos. 7 and 6 to the north-east corner of Survey No. 6; then along its northern boundary for about 5 chains; then north-east for about 5 chains through Survey No. 48 of Revanala to a point about 7 chains south-east from its northernmost corner; then north-west for about 17 chains through Survey Nos. 48 and 49 to a point on the right bank of a big halla about 3 chains south-east from the north-west corner of Survey No. 49; then along the halla through Survey Nos. 51, 53 and 54 to the north-west corner of the last named survey number; then along its northern boundary to its north-east corner; then for about 9 chains along the western boundary of Survey No. 41 of Revanala and turns north-east for about 4 chains to a point about 6 chains south-east from the north-east corner of Survey No. 55; then north-east for about 7 chains to a point about 8 chains south-east from the north-west corner of Survey No. 41; then north-east for about 16 chains through the said survey number to its north-east corner; then again in the same direction through Survey No. 42 for about 6 chains to a point on its eastern boundary about 5 chains south from its north-east corner; then north-east for about 5 chains through Survey No. 21 of Siravalahalli to a point about 6 chains south-east from the north-west corner of Survey No. 21; then north for about 17 chains through Survey Nos. 21 and 20 to a point on the northern boundary of the latter survey number, about 5 chains east from the north-west corner of the said survey number; then north for about 33 chains through Survey Nos. 9, 10 and 11 of Pyatekurubarahalli to a point about 6 chains north-east from the north-east corner of Survey No. 17; then west for about 30 chains through Survey Nos. 11, 16 and 19 to a point on a halla about 5 chains north from the south-west corner of Survey No. 19; then along the western boundaries of Survey Nos. 19, 20 and 21, to the north-west corner of the last named survey number; then along the common boundary between Pyatekurubarahalli and Thogarigunte to the south-east corner of Survey No. 24 of Thogarigunte; then along the southern boundary of the said survey number for about 11 chains, then north-east for about 20 chains through Survey Nos. 24 and 19 to a point about 3 chains north-east from the northernmost corner of Survey No. 24; then west for about 5 chains to a point about 5 chains north from

No. R. 11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

the abovenamed corner; then along the western boundaries of Survey Nos. 19 and 18 to the north-east corner of Survey No. 17; then after crossing the halla runs south-east along the said halla to the north-west corner of Survey No. 38 of Thippannahalli of Sira Taluk; then along the north and east sides of the said survey number to the south-west corner of Survey No. 39; then south-east for about 20 chains along the northern boundaries of Survey Nos. 37 and 34, then turns south-east for about 12 chains through the latter survey number to a point about 9 chains south-west from the north-east corner of Survey No. 34, then south-east for about 15 chains through Survey No. 33 to a point on its eastern side about 10 chains south-west from the north-east corner of the said survey number; then along its eastern boundary to its south-east corner; then along the northern boundary of Survey No. 29 for about 8 chains and then south-east for about 12 chains through Survey No. 29 to a point on its eastern boundary about 10 chains south-west from its north-east corner; then south-east for about 15 chains through Survey No. 25 to a point on its eastern boundary about 10 chains south from its north-east corner; then south-east through Survey No. 9 to its south-east corner; then along the southern and eastern boundaries of Survey No. 11 to a point about 3 chains south-west from the north-east corner of the said survey number; then north-east for about 17 chains through Survey Nos. 18 and 19 to a point on the eastern boundary of the latter survey number about 5 chains south-east from the northernmost corner of the same survey number; then north-east through Survey No. 31 of Borasamudra to its north-east corner; then along the western and northern boundaries of Survey No. 33 to its northernmost corner; then east for about 5 chains to the south-west corner of Survey No. 37, then along the western and northern boundaries of Survey Nos. 37 and 40 to the south-west corner of Survey No. 48.

East.—Thence in a south-easterly direction for about 8 chains through Survey No. 40 of Borasamudra to a point about 8 chains south-west from its north-east corner; then again south-east for about 18 chains through Survey Nos. 41 and 42 to a point about 6 chains north-west from the north-west corner of Survey No. 195 of Seebi; then south-east for about 19 chains through Survey No. 194 to a point about 11 chains north-west from the south-west corner of Survey No. 195 of Seebi; then south-east for about 9 chains to a point about 10 chains north-east from the north-west corner of Survey No. 193; then west for about 14 chains to a point about 7 chains north-west from the north-west corner of Survey No. 193; then south for about 16 chains through Survey No. 192 to a point about 5 chains west from the south-west corner of Survey No. 193; then west through Survey No. 192 for about 17 chains to a point about 9 chains north-west from the north-west corner of Survey No. 191; then south for about 16 chains through Survey No. 190 to a point about 8 chains south-west from its south-east corner; then south-east for about 25 chains through Survey No. 189 to a point about 5 chains south-west from the southernmost corner of Survey No. 191; then south-east for about 17 chains through Survey No. 181 to a point about 5 chains south-west from the southernmost corner of Survey No. 175; then south-east for about 14 chains through Survey No. 181 to a point about 5 chains south-west from the south-west corner of Survey No. 180; then again south-east for about 12 chains to the easternmost corner of Survey No. 181; then south-west along the eastern boundary of Survey No. 181 to its south-east corner; then south-east for about 4 chains along the common boundary between Hunjanal and Seebi to the north-east corner of Survey No. 248 of Hunjanal; then south-west for about 5 chains along its eastern boundary to the north west corner of Survey No. 249.

South.—Thence south-west for about 19 chains through Survey No. 248 of Hunjanal to its south-west corner; then along the northern boundaries of Survey Nos. 222 and 218 and western boundaries of Survey Nos. 218 and 217 to the south-west corner of the latter survey number; then north-west for about 12 chains along the northern boundary of Survey No. 216 to a point about 8 chains south-east from the south-west corner of Survey No. 219, then north-west for about 9 chains through Survey No. 219 to a point about 5 chains north-east from the south-west corner of the said survey number; then north-west for about 25 chains through Survey Nos. 219 and 212 to a point on the western boundary of the latter survey number, about 5 chains north from the south-west corner of Survey No. 212; then south-west for about 13 chains through Survey No. 211, to a point about 8 chains north-east from the south-west corner of the said survey number; then north for about 24 chains through the said survey number to a point about 7 chains north-east from the north-east corner of Survey No. 209; then north-west for about 49 chains through Survey Nos. 211 and 210 to a point about 5 chains north-east from the north-west corner of Survey No. 208; then north-west for about 19 chains through Survey No. 210 of Hunjanal, 185 of Seebi and 14 of Siravalahalli to the south-east corner of the Tank (Survey No. 13) of the last named village; then south-west for about 9 chains through Survey Nos. 14 and 9 of Siravalahalli to a point about 4 chains south-east from the south-west corner of Survey No. 12; then south for about 11 chains crossing the halla to a point about 5 chains west from the westernmost corner of Survey No. 206 of Hunjanal; then south-east for about 11 chains through Survey No. 205 to

No. R. 11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

a point about 8 chains south-west from the southernmost corner of Survey No. 206; then south-east for about 11 chains through Survey Nos. 205 and 207 to a point about 3 chains north-east from the north-east corner of Survey No. 204, then again south-east for about 19 chains through Survey No. 207 to a point about 8 chains north-west from the south-east corner of the abovenamed survey number; then west for about 10 chains through Survey Nos. 207 and 204 to a point about 6 chains north-west from the south-east corner of the latter survey number; then south-west for about 5 chains through the said survey number to a point on its southern boundary about 5 chains north-west from the south-east corner of the same survey number; then along its southern boundary to the north-west corner of Survey No. 203; then along the halla for about 6 chains to a point about 9 chains north-west from the south-west corner of the said survey number, then south-west crossing the halla for about 11 chains through Survey No. 54 of Kalgudi to a point on the southern boundary of the said survey number about 3 chains north-west from its south-east corner; then along the northern boundaries of Survey Nos. 55 and 50 to the north-west corner of the latter survey number; then north-west for about 6 chains through Survey No. 52 to a point about 5 chains north from its south-west corner; then south-west for about 13 chains through Survey No. 45 to its westernmost corner; then south-west for about 5 chains through Survey No. 44 to the northernmost corner of Survey No. 43; then along the southern and western boundaries of Survey No. 44 to its north-west corner; then along the common boundary between Kurubarahalli and Kalgudi to the south-west corner of Survey No. 41 of Kalgudi; then along its southern boundary for about 23 chains to a point about 7 chains south-west from its south-east corner; then south-west for about 40 chains through Survey No. 32 crossing the Chowlahalla to a point on its southern boundary about 8 chains west from the north-west corner of Survey No. 26; then south for about 30 chains through Survey No. 25 to a point about 9 chains south-west from the south-west corner of Survey No. 27; then south-west for about 7 chains through Survey No. 25 to a point about 8 chains south-west from the south-east corner of the said survey number; then along the southern boundary of the same survey number to its south-west corner; then along the southern and western boundaries of Survey No. 8 of Ranganahalli and eastern, northern and western boundaries of Survey No. 6 of the same village to the south-west corner of the said survey number; then south-west for about 16 chains through Survey No. 19 of Talekoppa to a point on its western boundary about 9 chains north from the south-west corner of Survey No. 19; then along the eastern and northern boundaries of Survey No. 18 to its north-west corner; then across the Nittur-Sira road and passes along the northern boundary of Survey No. 17 to its north-west corner; then north-west for about 13 chains through Survey No. 16 to a point about 5 chains north-east from the north-west corner of Survey No. 15; then again north-west for about 20 chains through Survey No. 16 to a point about 6 chains north-west from its south-west corner; then south-west for about 7 chains through Survey No. 13 to a point about 6 chains west from the north-west corner of Survey No. 14; then west for about 60 chains through Survey Nos. 13 and 196 to a point about 9 chains east from the north-east corner of Survey No. 190; then north-west for about 20 chains through Survey No. 196 to a point on the western boundary of the said survey number about 11 chains north from the north-west corner of Survey No. 190; then again north-west for about 22 chains through Survey No. 195 to a point about 8 chains south-east from its north-west corner on its northern boundary; then north-west for about 36 chains through Survey Nos. 32 and 34 of Dasappanahalli to a point about 7 chains north-east from the north-east corner of Survey No. 44 of Matha; then again north-west for about 10 chains through Survey No. 34 of Dasappanahalli to a point on its western boundary about 9 chains north-west from the north-east corner of Survey No. 44 of Matha; then north-west for about 30 chains through Survey No. 45 of the said village to the south-east corner of Survey No. 49; then along its eastern boundary to its north-east corner; then north-west for about 12 chains along the common boundary between Rangapur and Matha to the south-east corner of Survey No. 4 of Rangapur.

West.—Thence along the western boundary of Survey No. 3 of Rangapur to its north-west corner; thence along its northern boundary for about 17 chains to a point on its northern boundary about 9 chains south-west from its north-east corner; then south-east for about 11 chains to a point on the western boundary of the tank Survey No. 22 about 5 chains south from the north-east corner of Survey No. 3; then along the western, southern, and eastern boundaries of Survey No. 22 to its north-east corner; then along the southern and eastern boundaries of Survey No. 19 to its north-east corner; then along the eastern boundary of Survey Nos. 18 and 15 to the north-east corner of the latter survey number; then along the southern boundary of Survey No. 9 of Naikanahalli for about 16 chains to a point about 6 chains east from the north-east corner of Survey No. 13; then north-west for about 30 chains through Survey No. 9 to a point on its western boundary about 16 chains north-east from the south-west corner of the same survey number; then along the boundary of the abovenamed survey number for about 25 chains to its north-west corner; then south-west

for about 7 chains to a point on the southern boundary of Survey No. 10 about 6 chains east from the south-west corner of the said survey number; then north-east through Survey No. 10 for about 12 chains to a point about 15 chains north-east from its south-west corner; then north-west for about 10 chains to meet its western boundary at a point about 19 chains north from its south-west corner; then along the said boundary for about 9 chains to a point about 10 chains south from its north-west corner; then north-east for about 34 chains through Survey Nos. 10 and 11 to a point on the northern boundary of Survey No. 11 about 5 chains east from its north-west corner; then north for about 40 chains through Survey Nos. 20, 21 and 22 of Malenahalli to a point about 5 chains north-east from the south-west corner of the last named survey number; then north-west for about 7 chains through Survey No. 22 to a point on its western boundary about 6 chains north from its south-west corner; then along the western boundary of Survey No. 22 to its westernmost corner; then along the western boundary of Survey No. 8 of Bodathimmanahalli to the south-east corner of Survey No. 9; then passes along the southern and western boundaries of Bodathimmanahalli village and meets the starting point.

Remarks.—*The following concessions are admitted in the block.*

A. THE FOLLOWING HAVE BEEN TREATED AS ENCLOSURES IN THE BLOCK.

(1) Survey No. 5 being a cultivated land of Pyatekurubarahalli is treated as an enclosure with a margin of 5 chains all round. For the right of way to it, *vide* foot-path No. 12 (a).

(2) Survey No. 14 of the abovenamed village is also treated as an enclosure with a margin of 5 chains all round. For the right of way to it, *vide* cart-track No. 6.

(3) The temple of Anjaneyaswami, situated in Survey No. 11 of Siravalahalli together with Survey No. 24 is treated as an enclosure with the following boundary :—

Starting from a point about 6 chains north-west from the north-west corner of Survey No. 24 of Siravalahalli, the enclosure line runs east for about 18 chains through Survey Nos. 21 and 22 to a point on the eastern boundary of the latter survey number about 3 chains south-west from the north-east corner of Survey No. 22; then south-west along the eastern boundaries of Survey Nos. 22 and 11 to a point about one chain north from the north-west corner of Survey No. 12; then west for about 19 chains through Survey Nos. 11, 25 and 1 to a point about 5 chains north-west from the south-west corner of Survey No. 25; then north-east for about 19 chains through Survey Nos. 1 and 21 and meets the starting point. For the right of way to it, *vide* foot-path No. 7.

(4) An area of one acre in Survey No. 36 of Thippannahalli near the halla to the west of the village is granted for the performance of the puja of Holamere Davaroo (ಹೋಮೇರ ದೇವರು) once a year and the same is treated as an enclosure. For the right of way to it, *vide* foot-path No. 2

B. THE FOLLOWING RIGHTS OF WAY ARE ADMITTED IN THE BLOCK.

1. *Cart-track*, leading from Byaderhalli to Yelladabagi.—It enters the forest in the southern boundary of the block at a point about 5 chains north-east from the north-east corner of Survey No. 209 of Hunjanal and passes north-east, north and again north-east for about 87 chains, through Survey Nos. 210 and 211 of the same village, 183, 184, 187 and 188 of Seebi, 19 and 18 of Thippannahalli, and quits the forest in the northern boundary of the block at a point about 9 chains south-west from the north-west corner of the last named survey number. It again enters the forest at a point about 4 chains south-west from the south-west corner of Survey No. 34 of Borasamudra and passes north-east for about 9 chains through Survey No. 33 of the said village and quits the forest at a point about 5 chains south-west from the north-east corner of the said survey number; it re-enters the forest in the northern boundary of the block at a point about 6 chains north from the south-west corner of Survey No. 37 of Borasamudra, passes north-east and north for about 17 chains through Survey Nos. 37 and 40 of Borasamudra and finally quits the forest at a point about 8 chains north-east from the south-east corner of Survey No. 36.

2. *A foot-path* to enclosure No. IV.—It enters the forest in the northern boundary of the block at a point about 6 chains south-west from the north-east corner of Survey No. 29 of Thippannahalli, passes west for about 45 chains through Survey Nos. 29, 32, 35 and 36 and reaches the enclosure at a point about 9 chains south-west from the south-east corner of Survey No. 37.

3. *Cart-track* leading from Byaderhalli to Kalasettihalli.—It enters the forest in the southern boundary of the block at a point about 12 chains north-west from the south-east corner of Survey No. 212 of Hunjanal, passes north-east for about 104 chains through Survey Nos. 212, 219 and 220 of the said village and 182 and 189 of Seebi and quits the forest in its eastern boundary at a point about 9 chains south from the northernmost corner of the above named last survey number.

No. R. 11821-4 -Pt. 134-17-6, DATED 6TH JUNE 1918.

4 *Foot-path*, from Hunjanal to Siravalahallihalla.—It enters the forest in the southern boundary of the block at a point about 8 chains east from the north-west corner of Survey No. 210 of Hunjanal, passes north-west for about 4 chains through Survey No. 185 of Seebi and reaches the halla.

5 *Foot-path*, from Thippanahalli to Thogarigunte.—It branches from the foot-path No. 11 *supra* at a point about 9 chains south-west from the north-east corner of Survey No. 35 of Thippanahalli, passes north-west in a curve and then west for about 69 chains through Survey Nos. 35, 34, 37 and 38 of Thippanahalli and 18, 19 and 24 of Thogarigunte and quits the forest in its northern boundary at a point about 7 chains north-east from the south-east corner of Survey No. 23.

6. *Cart-track*, leading from Kalgudi to Siddakona.—It enters the forest in the southern boundary of the block at a point about 2 chains north-west from the south-east corner of Survey No. 52 of Kalgudi, passes north-west and north-east for about 100 chains through Survey Nos. 52 of Kalgudi and 8, 7, 6 and 21 of Siravalahalli and leaves the forest at a point about 5 chains south from the south-west corner of Survey No. 20 of Siravalahalli. It again enters the forest at a point about 5 chains north-west from the south-west corner of Survey No. 11 of Pyatekurubarahalli, passes north for about 6 chains through Survey No. 16 of the said village and reaches the Enclosure No. II. It again re enters the forest at a point about 3 chains north-west from the north-east corner of Survey No. 13 of the same village, passes north-east for about 42 chains through Survey Nos. 1 of the said village, 19 and 18 of Thogarigunte and quits the forest in its northern boundary at a point about one chain north from the north-east corner of Survey No. 20 of the abovementioned village.

7. *Foot-path*, from Revanal to Siravalahalla and on to Seebi.—It enters the forest in the northern boundary of the block at a point about 6 chains south-east from the north-west corner of Survey No. 42 of Revanal, passes south-east for about 18 chains and reaches the Enclosure No. III and again enters the forest at a point about 2 chains north from the north-west corner of Survey No. 12 of Siravalahalli, passes north-east for about 21 chains through Survey No. 15 of the said village and reaches the Siravalahalla, and then continues in an easterly direction for about 120 chains through Survey Nos. 185, 184, 183 and 182 of Seebi and joins the road leading from Byaderhalli to Kalasetthalli.

8. *Cart-track*, leading from Ankasandra to Kalgudi.—It enters the forest in the northern boundary of the block at a point about 4 chains south from the north-east corner of Survey No. 34 of Kurubarahalli, passes south-east for about 57 chains through Nos. 35, 36, 1 and 5 of Kurubarahalli and leaves the forest at a point about 5 chains north from the south-east corner of the last named survey number; then again enters the forest at a point about 5 chains north-east from the south-west corner of Survey No. 41 of Kalgudi, runs south-east for about 17 chains through Survey No. 32 and quits the forest at a point about 13 chains north-west from the north-west corner of Survey No. 31.

9. *Foot-path*, leading from Ranganahalli to Chowlahalla.—It enters the forest in the southern boundary of the block at a point about 5 chains north-west from the south-east corner of Survey No. 8 of Ranganahalli, runs north-east for about 40 chains through Survey Nos. 8 of Ranganahalli and 25 of Kalgudi and quits the forest at a point about 8 chains north-east from the south-east corner of Survey No. 27 of Kalgudi.

10. *Cart-track*, leading from Kalgudi to Revanala.—It branches from the cart-track number 6 *supra* from the south-east corner of Survey No. 8 of Honnenahalli, passes north-west and north-east for about 29 chains through the same survey number and 45 of Revanala and meets the cart-track from which it began at a point about 4 chains south-west from the north-east corner of the latter survey number.

11. *Foot-path*, from Kalgudi to Hunjanal.—It enters the forest in the southern boundary of the block at a point about 3 chains south-west from the westernmost corner of Survey No. 42 of Kalgudi and runs north for about 24 chains through Survey Nos. 4 of Kurubarahalli and 11 of Honnenahalli and leaves the forest at a point about one chain east from the south-east corner of Survey No. 2 of the latter village. It again enters the forest at a point about 6 chains south-east from the north-east corner of Survey No. 10 of Honnenahalli, passes east and south-east for about 23 chains through Survey Nos. 6 of Honnenahalli and 46, 45 of Revanala and meets the cart-track number 10 *supra*.

12. *Foot-path*, from Kalgudi to Revanal.—It branches from the foot-path No. 11 *supra* at a point about 4 chains north-east from the southernmost corner of Survey No. 6 of Honnenahalli, passes north-east and north-west for about 51 chains through Survey Nos. 46, 47, 50, 52 and 54 of Revanal and quits the forest at a point about 4 chains east from the south-west corner of Survey No. 55.

12. (a) *Foot-path*, from Revanala to Enclosure No. I.—It enters the forest in the northern boundary of the block at a point about 5 chains north-east from the south-west corner of Survey No. 11 of Pyatekurubarahalli, passes east for about 6 chains through Survey No. 11 and reaches the Enclosure.

No. R. 11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

(b) *Foot-path*, from Dasappanahalli to Kurubarahalli Tank.—It enters the forest in the northern boundary of the block from the south-east corner of Survey No. 25 of Dasappanahalli, runs south-east for about 59 chains through Survey Nos. 21 and 22 of Kurubarahalli and reaches the tank (Survey No. 28) in its north-western corner.

13. *Foot-path*, branching from the cart-track number 32 *infra* and going to Honnenahalli.—It branches from the cart-track No. 32 *infra* at a point about 7 chains north-east from the south-west corner of Survey No. 9 of Kurubarahalli, passes north-west, north and north-east for about 114 chains through Survey Nos. 9, 8, 11, 7, 5, 2 and 4 of Kurubarahalli and 11 of Honnenahalli and quits the forest at a point about 2 chains west from the south-west corner of Survey No. 2 of the last named village.

14. *Cart-track*, from Ranganahalli to Nittur-Sira High Road.—It enters the block in its southern boundary at a point about 2 chains south-east from the south-east corner of Survey No. 16 of Kurubarahalli, passes north-west for about 36 chains through Survey Nos. 15, 14 and 17 of the said village and quits the forest at a point about 8 chains south-west from the north-east corner of the abovementioned last survey number.

15. *Cart-track*, from Talekoppa to Ankasandra.—It enters the forest in the southern boundary of the block at a point about 7 chains south from the north-west corner of Survey No. 16 of Talekoppa, passes north for about 84 chains through Survey Nos. 13 and 16 of Talekoppa and 19, 23 and 22 of Kurubarahalli and quits the forest at a point about 13 chains south-east from the north-west corner of Survey No. 22.

16. *Foot-path*, from Thalekoppa to Banakalhalla.—It enters the forest in the southern boundary of the block at a point about 5 chains north-east from the north-east corner of Survey No. 190 of Talekoppa, passes north-east for about 19 chains through Survey No. 196 and reaches the said halla.

17. *Cart-track*, from Dasappanahalli to Nittur-Sira High Road.—It enters the forest in the southern boundary of the block at a point about 8 chains east from the north-east corner of Survey No. 40 of Matha, passes south-east for about 35 chains through Survey Nos. 32 of Dasappanahalli, 195 and 196 of Talekoppa and quits the forest in the same boundary at a point about 9 chains north-west from the north-east corner of Survey No. 190.

18. *Cart-track*, from Manchaldore to Talekoppa.—It branches from the cart-track No. 17 *supra* at a point about 9 chains west from the north-east corner of Survey No. 195 of Talekoppa, runs south-west for about 5 chains through the same survey number and quits the forest at a point about 10 chains north-west from the north-west corner of Survey No. 194.

19. *Cart-track*, from Ranganahalli to Thalekoppa.—It branches from the cart-track No. 14 *supra* and enters the forest at a point about 5 chains north from the north-western corner of Survey No. 5 of Ranganahalli, runs south-west for about 8 chains through Survey No. 19 of Thalekoppa and quits the forest at a point about 5 chains south-west from the abovenamed corner.

20. *Foot-path*, leading from Dasappanahalli to the cart-track No. 17 *supra*. It enters the block in the northern boundary of the block at a point about 7 chains south-west from the south-west corner of Survey No. 29 of Dasappanahalli, runs in a south-westerly direction for about 61 chains through Survey Nos. 34 and 32 of the same village and reaches the said cart-track at a point about 9 chains west from the north-east corner of Survey No. 195 of Thalekoppa.

21. *Cart-track*, from Dodhedigenahalli to Hagalvadi.—It enters the forest in the northern boundary of the block at a point about 5 chains north from the south-west corner of Survey No. 42 of Dasappanahalli, passes south-west for about 50 chains through Survey Nos. 43 of the said village, 8 of Naikanahalli and 16 of Rangapura, and quits the forest in the western boundary of the block at a point about one chain north from the south-east corner of Survey No. 15 of the last mentioned village.

22. *Foot-path*, leading from Hagalvadi to Dasappanahalli.—It enters the forest in the western boundary of the block at a point about 4 chains south from the north-east corner of Survey No. 15 of Rangapur, runs in an easterly direction for about 38 chains through Survey Nos. 16 of the abovementioned village and 43 of Dasappanahalli and quits the forest at a point about 9 chains south-west from the south-west corner of Survey No. 40.

23. *Cart-track*, leading from Rangapur to Thalekoppa.—It enters the forest in the western boundary of the block at a point about 5 chains east from the south-west corner of the tank Survey No. 22 of Rangapur, runs south-west and south-east for about 21 chains through Survey Nos. 21 of the said village and 45 of Matha and leaves the forest at a point about 6 chains north-east from the north-east corner of Survey No. 43 of Matha.

24. *Cart-track*, from Nellur to Bellavi.—It enters the forest in the southern boundary of the block from the south-east corner of Survey No. 4 Rangapur, runs south east along the demarcation line for about 3 chains through Survey No. 3 and quits the forest.

No. R. 11821-4--Ft. 134-17-6, DATED 6TH JUNE 1918.

25. *Cart-track*, from Chintarnahalli to Malenahalli.—It enters the forest in the western boundary of the block at a point about 4 chains south-east from the south-east corner of Survey No. 19 of Chintarnahalli, passes south-east for about 18 chains through Survey No. 11 of Naikanahalli and quits the forest at a point about 10 chains south-west from the north-east corner of the said survey number.

26. *Cart-track*, from Kuntaramanahalli to Seshappanahalli.—It enters the forest in the western boundary of the block at a point about 5 chains east from the south-west corner of Survey No. 10 of Naikanahalli, runs east for about 34 chains through the said survey number and quits the forest in the northern boundary of the block at a point about one chain north from the south-east corner of the abovenamed survey number.

27. *Foot-path*, from Naikanahalli to the kattey in Survey No. 9.—It enters the forest at a point about 2 chains east from the south-west corner of Survey No. 2, passes south-west for about 12 chains through Survey Nos. 5 and 9 and reaches the kattey.

28. *Foot-path*, leading from Kalinganahalli to Bodathimmanahalli.—It enters the forest in the western boundary of the block at a point about 2 chains south from the south-west corner of Survey No. 13 of Bodathimmanahalli, runs east for about 38 chains through Survey No. 12 of the said village and quits the forest at a point about 8 chains west from its north-east corner.

29. *Foot-path*, leading from Yecaballi to Bodathimmanahalli.—It enters the forest in the western boundary of the block at a point about 20 chains south-east from the south-west corner of Survey No. 10, runs north-east for about 102 chains through Survey Nos. 10, 12 and 11 of Bodathimmanahalli and quits the forest in its northern boundary at a point about 13 chains west from the north-east corner of the abovenamed last survey number.

30. *Cart-track*, from Jogihalli to Agriahar.—It enters the forest from the south-west corner of Survey No. 9 of Bodathimmanahalli, runs north-east and east for about 98 chains through Survey Nos. 9, 8 and 7 of the said village and quits the forest in the northern boundary of the block at a point about 7 chains north from the south-east corner of the abovenamed last survey number.

31. *Foot-path*, from Bodathimmanahalli to Agriahar.—It enters the forest in the northern boundary of the block at a point about 9 chains south-west from the south-east corner of Survey No. 5 of Bodathimmanahalli, passes south-east for about 30 chains through Survey Nos. 8 and 7 and quits the forest from the south-west corner of the abovenamed last survey number.

32. *Cart-track*, leading from Kurubarahalli to Ranganahalli Survey No. 8 and on to Kalgudi.—Starting from the village site of Kurubarahalli it runs east for about 4 chains and then almost south for about 78 chains through Survey Nos. 6, 8 and 9 of the said village and 7 and 8 of Ranganahalli and joins the cart-track coming from Kalgudi at the south-east corner of Survey No. 8 of Ranganahalli.

33. *Cart-track*, from Manchaldore to Agriahar.—It enters the forest at the southernmost corner of Survey No. 8 of Bodathimmanahalli, runs north-east along the southern boundaries of Survey Nos. 8 and 7 of the said village and quits the forest at the south-east corner of the latter survey number.

C THE FOLLOWING CONCESSION IS ALLOWED IN THE BLOCK.

The cattle and sheep of Thogarigunte are allowed to graze freely during the prescribed season.

N B.—The cart-tracks and foot-paths described above are 12 feet and 6 feet wide respectively.

B—Register of claims to lands, rights to forest produce or easements in the proposed Ankasandra State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1								
1	Muddie Gowda, Patel of Bodathimmanahalli and Chintarnahalli.	7th March 17	Praying for the exclusion of some lands out of those taken for the block from Bodathimmanahalli for the use of the villagers. (2) For the exclusion of survey Nos. 9, 10 and 11 of Chintarnahalli from the reserve as they are required for the villagers of Jogihalli who cultivate the lands of Bechirakkh. Chintarnahalli as they have no sufficient lands in their own village. (3) A cart-track and a foot-path marked as by him on the map.		The claims made here seem rather preposterous and are not altogether acceptable. The assignments for Bodathimmanahalli itself seems ample as per alienation statement. Nevertheless since survey No. 16 has been brought under cultivation. I do not propose to interfere with it and shall have no objection to the exclusion of survey No. 7, part of survey No. 15. Some concessions may be shown for the grazing of the cattle of Jogihalli village.	All the three gomal lands of Bodathimmanahalli have been included in the proposed reserve. This is really a great hardship as there is Ranganathapur State Forest both to the north and west of the village. I have therefore excluded the three gomal survey Nos. 13, 14 and 15 from the block and left them for the villagers. Survey No. 16 having been granted to Karappa Am. Dotrangia for cultivation is also excluded. Chintarnahalli is a becharakk village but all the lands (about 269 acres, 34 guntas) in extent are cultivated by Jogihalli people. Jogihalli is a very small village containing only nine survey numbers of which seven are under cultivation and two are gomas which are 58 acres, 30 guntas in area. As Jogihalli people have taken up the cultivation of all the tillable lands of Chintarnahalli they are bound to keep extra cattle, sheep and goats. As such they should have the benefit of the grazing facilities of that village. There are no gomal lands in Chintarnahalli and I think that it is a great hardship on the tillers of Chintarnahalli lands to include the three kharab lands in the reserve. I therefore direct that the three survey Nos. 9, 10 and 11 be altogether left for the benefit of the villagers. (3) The following cart-tracks and foot-paths are admitted :— (a) Foot-path from Kalinganahalli to Bodathimmanahalli along the northern boundary of survey No. 12. (b) Foot-path from Yerathalli to Bodathimmanahalli passing through survey Nos. 10, 12 and 11. (c) Foot-path from Bodathimmanahalli to Agrahar passing through survey Nos. 7 and 8. (d) Cart-track from Jogihalli to Bodathimmanahalli. (e) Cart-track from Manchaldore to Agrahar.		

B. BASAVARADHYA,
Forest Settlement Officer.

7th March 1917.

No. R. 11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

3	Thimmeswada, Patel of Nalkanhalli.	7th Mar. 1917		Stating that survey Nos. 12, 13, and 17 should be left to the villagers as they men have come to this village who require lands for cultivation.	Survey No. 16 is a cultivation land and is to be treated as an enclosure. Survey No. 18 has since been taken up for cultivation. Cultivation margins have to be allowed to both these lands. Survey No. 17 which is between survey Nos. 16 and 18 is not wide enough to admit of two margins and also of any appreciable extent of land being left worth having for the reserve. So, survey No. 17 has been excluded from the reserve and left for the villagers. Survey No. 11 has been left for similar reasons as survey No. 13 of Nalkanhalli is a cultivation and the usual margin is to be allowed. Survey Nos. 12 and 13 have also been left for the villagers to afford facilities for expansion of cultivation. The village cattle will be allowed to drink water in the Kaffey and a footpath along the western boundaries of survey Nos. 1, 2, 5 and 6 is allowed. (2 and 3) The Gollars of Dodhediagalhalli cultivate the lands of this village and are therefore entitled to the facilities of grazing and expansion of cultivation available in this village. For this purpose I have excluded 3 assessed wastes (survey Nos. 2, 3 and 19) and one Kharab survey No. 24 from the reserve. (4) These people do not cultivate any lands of Nalkanhalli and have their own sonahs for their use and there is no reason why they should be allowed any grazing rights in this village. The claims are therefore rejected. The following rights of way are allowed:— (a) Cart-track from Chintarnahalli to Melonahalli (b) Cart-track from Kuntanumhalli to Seelapannahalli through survey No. 10 (c) Cart-track leading from Thaletoppa to Dodhediagalhalli, passing through survey No. 8.	
5	Mallegowda, Patel of Nalkanhalli.	Do	...	Stating that the paddy in survey No. 9 is used for drinking by the cattle of Nallur, Harthi, Dodhediagalhalli, Sarigepulya, Gollarahalli, etc., villages and a way is required for the same. (2) Some lands for grazing are required. (3) This is a beelirah village and the people of Dodhediagalhalli cultivate these lands, and 6 survey numbers have been darkhusted for about 15 days ago at the time of Huzur Jamalanda. (4) Nallur and Harthi village raiyats have no assessed waste lands in their village and then cattle have to be grazed in the lands of Nalkanhalli and so the lands of Nalkanhalli may be excluded.		
4	Mallegowda, Patel of Harapur.	7th March 1917		Stating that all the assessed waste lands of this village should be excluded as the people of Nallur cannot get on without them as they depend upon this Beelirah village.	7th March 1917. This is a Beelirah village, the lands of which are cultivated by the villagers of Nallur. The latter want more lands for cultivation. I have therefore excluded six survey Nos. 1, 2, 5, 19, 18 and 16 (Assessed wastes) with a view to give scope for further cultivation.	

Forest Settlement Officer.

B. BASAVARADHYA,

Forest Settlement Officer.

No. R. 11821-4—Pt. 134-17-6, DATED 6TH JUNE 1918.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Ankasandra State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments, and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
	Forest Settlement Officer.							
5	Hutchappa of Nallur...	7th March 17	Pras's for the exclusion of survey No. 9 of Rangapur for which he has given draft.		This tank does not contain water and is said to be practically not made use of at all.	(2) There is a cart-track from Nallur up to the tank passing through survey Nos. 4, 2, 24, 23 and 19 which is out of the reserve and they are welcome to use it. (a) Cart-track from Talekoppa to tank survey No. 23 passing through survey No. 21. (b) Cart-track leading from Nallur to Bellavi passing through survey No. 3. (c) A cart-track is also allowed to pass through survey No. 16 to Yedigehalli. (d) Foot-path from Ankasandra to Man-chaldore passing through survey No. 11. B. BASAVARADHYA, Forest Settlement Officer.		
6	Basaregowda, Patel of Madra	Do	Stating that the villagers use the water of the katta in survey No. 45 for their cattle to drink when and a way to go to the katta is required; and survey No. 45 should entirely be left for the villagers.		The request made here deserves no consideration as opposed to Section 6 of Forest Regulation. The request is unreasonable.	This has been granted (vide claim No. 4. (1)). The demarcation line is shifted to allow cultivation margin for survey Nos. 14, 43 and 46 and also to exclude the katta for the villagers. A cart-track leading from Rangapur to Talekoppa passing through the north-eastern portion of survey No. 45 is allowed. B. BASAVARADHYA, Forest Settlement Officer.		
7	Venkatagowda, Patel of Thalekoppa.	8th March 17	Stating that Gollars living in huts in survey No. 89 want some lands for cultivation. All the cattle of Thalekoppa have to go to the tank survey No. 28 of Kumburath and a way is required for it. There are some streams in the pond lands now taken up for the forest and they are needed for their cattle.		The area left for the requirements of 919 cattle and 417 sheep is 539 acres, 39 guntas which is a very liberal provision for the village. I therefore see no reason for any more provision being made for it. There is no objection to reach the Kumburath tank along the main rainfall tank along the main	7th March 1917. The demarcation line in the southern portion of survey No. 18 has come to the edge of the cultivation and if the land margin is allowed a portion of the land will go. To avoid this and also to make land available for cultivation for the Gollars, I have excluded survey No. 18 (an assessed waste) from the reserve.		

[illegible]

No. R .11821-4 - Ft. 134-17-6, DATED 6TH JUNE 1918.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Ankasandra State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
9	Gire Gowda, Patel of Kalgudi.	8th March 17	(1) Stating that a great deal of inconvenience is caused to the villagers if the assessed wastes, guntas and khatabs that have been included in the block are not left out for the villagers and praying for their exclusion from the block. (2) The well in Survey No. 32 and Chow. Inhalla are quite necessary for them.		The area proposed for this block out of this village is very small compared with the area left for the villagers. Hence the request that the lands taken up should be left out is to say the least preposterous and should not be admitted.	(1) The area of gonal left for the village, viz., 61 acres and 8 guntas is in my opinion inadequate for 312 herds of cattle and 297 sheep and goats. I therefore direct that Survey No. 41 (a gonal of 46 acres and 23 guntas) be also left for the villagers as also the two assessed wastes survey Nos. 40 and 42. (2) The well in survey No. 32 and the halla are now outside the settled line. The following cart-tracks and foot-paths are admitted. (a) Cart-track from Revanal to Kalgudi through survey No. 52. (b) Cart-track from Ankasandra to this village passing through survey No. 32. (c) Foot-path from Rangunahalli to Chowfuhalla passing through survey No. 27. E. HASAVARADHYA, Forest Settlement Officer. 12th March 1917.		
10	Chittagowda Register- ed Patel of Revanal.	12th March 17	Stating that the assessed wastes survey numbers which have been proposed to be taken for the block may be excluded. (2) A way for the cattle to go to a halla near Siravalahalli is required. (3) Right of way to go to the temple of Ajaneya in Siravalahalli may be given. (4) The demarcation line has come very near the village and it is to be shifted. (5) The draw well of drinking water of the villagers has been included in the reserve and the same may be excluded.		In the several requests made by the ryots only those regarding the right of way to the temple and to the draw well are fit to be considered. The rights of way may be admitted or the draw well entirely excluded. Lands under holding are proposed to be treated as enclosures already. The other requests are unreasonable and therefore should not be admitted.	The line is shifted so as to leave one more assessed waste land to the villagers. (2) A foot path of 6 feet wide is allowed to Siravalahalli halla. (3) A foot-path 6 feet wide is allowed. (4) The line is shifted. (5) The well is outside the settled line after shifting the line and the villagers can enjoy the unmolested use of it.		

No. R.11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

11	Bommegowda, Patel of Thogargunte.	12th March 17	(6) The line which has been taken in the midst of certain cultivation lands may be altered. Prays that the reserved waste and gomal lands included in the block may be left for the villagers, as they have no other lands for cultivation. (2) A right of way for their cattle to go to the tank of Thuppanahalli may be allowed. (3) Five survey numbers out of Pyatogurubarahalli lands adjacent to Thogargunte gadu may be given for their use.	(6) So many as nine survey numbers which are occupied lands to the east of the stream were proposed to be treated as enclosures. This course is impossible as the proposed line passes between the cultivation lands for nearly half a furlong and there is no room to allow the usual margin. For this purpose I have shifted the line by which all the occupied lands are excluded. A foot-path from Kalgudi to Revanah village passing through survey Nos. 45, 46, 47, 30, 52 and 51 is allowed and another foot-path from the same village passing through Survey No. 42 is also allowed. B. BASAVARADHYA, Forest Settlement Officer. 12th March 1917. There are only 67 heads of cattle and 303 sheep and goats; for this only 11 acres and 5 guntas of gomal is left which I consider quite inadequate. I therefore direct that Survey No. 25 (17 acres and 38 guntas in area) should be left for the villagers. Thus the gomal available will be 32 acres and 2 guntas. This with 81 acres, 27 guntas of Kurab would be ample for the needs of the village. To put the cattle beyond all possibility of want, I also allow the free grazing rights for the cattle and sheep only in the block during the prescribed season. (2) A foot-path is allowed for the cattle of the village to go to Thuppanahalli tank. (3) Not granted as being unreasonable. The following rights of way are allowed. (a) Foot-path from Thuppanahalli to this village. (b) Cart-track leading from Kalgudi to Sidiakona passing through survey Nos. 18 and 19. B. BASAVARADHYA, Forest Settlement Officer. 8th March 1917. There are 118 heads of cattle and 317 sheep and goats; only about 19 acres of gomal have been left which is not sufficient. I therefore direct that survey Nos. 30 and 52 both gomal be excluded from the reserve; Kurab survey Nos. 37 and 27 are also left for the villagers. (2) A foot-path is granted. (3) A foot-path is granted.
12	Kanubh Rangegowda, Patel of Dasappaiahalli.	8th Mar 1917	The request to exclude all the lands proposed is unreasonable. The area left for the village is found more than enough for 148 cattle. I have no objection to make provision for the sheep of the village under concession grazing. Sating that all the lands (District Junge) of their village which have been included in the block should be left out for their use. (2) A way to go to the tank in Kurubarahalli may be given. (3) A way to Dasappaiahalli in Thalekoppa is wanted to take their cattle to drink water.	The request to exclude all the lands proposed is unreasonable. The area left for the village is found more than enough for 148 cattle. I have no objection to make provision for the sheep of the village under concession grazing.

Forest Settlement Officer.

No. R. 11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

	Forest Settlement Officer						9
13	Kanbed Rangeswami, Patel of Ankasandra and Kurnabhalli	8th Mar 1917	Stating that the people of Sangopalva village of Ankasandra are using (a) the pasture of the lands of Kurnabhalli which is Dechirakh for a long time and the lands that have been included for the forest from this village should be left for them as it includes (b) the tank to which they have to take their cattle to drink (2) Survey Nos 29, 31 and 32 which have been included in the reserve being cultivated lands should be excluded and the line taken along the tank bed in Kurnabhalli (3) The villages of Ankasandra are using the lands of Honnenahalli village and so survey No 11 of Honnenahalli which has been included in the reserve should be left for them (4) The people of Honnenahalli to take their cattle to drink water there may be granted	No lands from Ankasandra village have been taken and the gomai and kharab available in this village is more than ample for them, and so the request is unreasonable. I have no objection to allow a right of way to water of Kurnabhalli tank I have no objection to take the line along the tank bed so as to exclude the holding The request is unreasonable as they have enough of lands in their village only and I think that it is a request made for its own sake	(a) Not granted (b) The cart track admitted in Kurnabhalli as going from Ankasandra to Lakokoppa may be used by the cattle as it passes close to the Kurnabhalli tank (2) These lands are excluded from the reserve (3) Ankasandra people have 102 acres and 8 g, it is of gomai and 190 acres and 17 guntas of land within their village and they should be satisfied with that only	The following rights of way are allowed— (a) Cart-track from Hagahalli to Doddehagahalli passing through survey Nos 48 and 49 (b) Foot-path from Hagahalli to Dasuppanahalli passing through survey Nos 45 and 46 B DASAVAMA DHYA, Forest Settlement Officer 8th March 1917	
	Forest Settlement Officer				The right of way to water to Chovviahalla is unreasonable as they can easily water their cattle in the Kurnabhalli tank and in the stream which is running close by	(1) Not granted as being unnecessary.	The following rights of way are admitted— (a) Foot-path from Dasuppanahalli to Kurnabhalli tank (b) Foot-path from Rangarahalli to Honnenahalli (c) Cart track from K dandi to High Road passing through survey Nos 31, 2, 36 and 35 (d) Cart-track from Rangarahalli to the High Road (e) Cart-track from Thalekoppa to Ankasandra

No. R. 11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

Forest Department

Forest Settlement
Officer.

14

Jogay Gowda, Patel of
Thrippanabali

17th Mar. 1917.

Stating that the cattle of the village graze in the lands now proposed for the reserve and drink water in the Sruva thalavadi which flows to the west of the village and they require them. The grazing rights may be given in case the lands are not excluded.

(2) A path will be performed in a land near the hill called Tholamuvay Devana every year and some land and ways should be given for this purpose.

Forest Settlement
Officer.

(3) The right to make a well for getting more water to land survey No. 7 from a small hill to the south of the tank may be recognized.

15

Pomme Gowda, Patel
of Dot (samudra)

18th Mar 1925

Stating that survey Nos. 40 II and 28 which have been taken for the block should be left for them as they have to serve their cattle in these lands and take them to drink water in a place where Thippanabali and Dot (samudra) ponds and (2) access to this with a be given.

Survey Nos. 14 and 15 of Estate Kumbura hall are treated as enclosures with the usual margin. A foot path is allowed to survey No. 5 from Revanah passing through survey No. 11. A cart track leading from Sidakona to Kal gudi passing through survey Nos. 1, 13, 16 and 17 is allowed.

B BASAVARADHYA

Forest Settlement Officer.

17th March 1917

Three normal lands having an aggregate area of 89 Acres 30 Guntas are left for the cattle which are 175 in number. 60 of 70 acres of land is more than ample for them. The land with 161 acres of land will provide for the sheep and goats. However, to provide for further pasturage I have left two more Guntas numbers entirely (survey Nos. 68 and 11) and half of survey No. 21 and 11 and nearly 1 of survey No. 9. This will add about 100 acres.

(2) An area of one acre of land in survey No. 16 is left for the cattle of the village. It is intended for the performance of the ceremony of the village. (3) Once a year and the said one acre is treated as an enclosure.

(3) Not necessary. The cut to be leading from Bxadarahalli to the village passing through survey Nos. 19 and 15 and a foot-path to the enclosure of 100 ft in diameter is allowed.

B BASAVARADHYA,

Forest Settlement Officer.

18th March 1917

There are only 17 heads of cattle in the village and no sheep or goats. These have about 82 acres of normal lands which I cannot be ample. There are only 11 acres in the village and 101 acres. 30 Guntas of reserved lands for any expansion of the cattle in the future. The line is continued except in two places where it is slightly detached to allow cultivation in them.

(2) No necessity.

B BASAVARADHYA,

Forest Settlement Officer.

18th March 1917

B.—Register of claims to lands, rights to forest produce or easements in the proposed Ankasandra State Forest—*concd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
16	Gundeppa, Patel of Sibi Agrahars. Forest Settlement Officer.	19th Mar. 1917.	Stating that the cattle of Amalegundi and Ajayappa's graze all along in the lands of Bonasamundra. The lands of Bonasamundra now taken for the reserve should be released.		No land of this Sibi Agrahar is proposed for the reserve and they have an extensive area of nearly 1,018 acres for their use in their own village. Hence I am strongly opposed to the request.	The village of Sibi Agrahar has got 796 acres, 21 guntas of gomal in its own limits and it is very difficult to believe that these people have pasturage rights over Jorasamundra lands in the absence of any conclusively strong evidence of which there is none in the case. The claim is therefore rejected. A cart-track leading from Chetur to Veladabagi is admitted. B. BASAVARADHYA, Forest Settlement Officer. 19th Dec. 1912.		
17	Chittogowda, Patel of Sibi. Forest Settlement Officer.	15th Mar. 1917.	Stating that it is inconvenient to the villagers of Kalasetthalli, Unapathipalya and Durgadhalli as the Demarcation line is only about a furlong from both the latter named villages. The cattle of Sibi and its several hamlets were using the lands taken by the Forest Department for their pasture. The hulla between the limits of Siravadhali and Sibi is used for their cattle to drink as it contains water all the year round.		The area remaining for this village is nearly 2,097 acres, 13 guntas. This is more than ample provision for the requirements of the cattle and raiwats. The representation is therefore a plausible one and cannot be admitted. I do not consider the request for water is a justifiable one as the cattle go and graze in the extensive area left in the eastern portion of the village and drink water in the katus and hallas situated outside the proposed boundary. I therefore propose that even this should not be admitted.	The only lands taken for the reserve are Kharab lands. Neither assessed waste nor gomas have been taken. The gomal area of 935 acres 11 guntas coupled with 656 acres of Kharab is ample provision for the cattle. As the preliminary demarcation line has come to the very edge of cultivation a margin of 5 guntas is allowed in all such cases. There being three tanks and one hulla in the village limits, it is unnecessary to grant a way to Setaiyadhalla. B. BASAVARADHYA, Forest Settlement Officer. 18th March 1917.		
18	Seebi Range Gowda Patel of Huvjinal. Forest Settlement Officer.	19th Mar. 1917.	Praying for the recognition of a way to go to the hulla running from Bidaraballi village to Siravara to drink water for their cattle which has been marked by him on the village map up to survey No. 208 and thence to the west of the hulla through survey Nos. 207 and 205.		The request is unreasonable as the Kalagudi Seebi cart-track which I think is to remain open is quite close to Bidaraballi and can be easily used.	A cart track leading from Chetur to Thippanahalli and another leading from Byaderaballi to Kalasetthalli are admitted. B. BASAVARADHYA, Forest Settlement Officer. 19th March 1917. A foot-path 6 feet wide from the foot-path shown in the village map as passing through survey No. 208 for cattle and men to go to Siravarahalli hulla for water is allowed. B. BASAVARADHYA, Forest Settlement Officer. 19th March 1917.		

No. R. 11821-4—Ft. 134-17-6, DATED 6TH JUNE 1918.

in the case of lands included in the block having been brought under cultivation I desire to invite the attention of the Forest Settlement Officer to section 6 of the Forest Regulation and should it be found that such cultivations are not opposed to the provision of the aforesaid section to acquire them outright for forest purposes by awarding either reasonable compensation or appropriation of other lands outside the limits.

survey Nos. 257 and 258 were assessed warden at the time of sending the proposals for this block but they have since been granted for cultivation before the date of the Government notification under section 1 of the Forest Regulation. They have therefore been excluded. But the case of survey No. 257 stands on a different footing. The grant of it for cultivation was subsequent to the notification under Section 3 of the Forest Regulation and so it is null and void and cannot be recognized.

B. BASAVARADHYA,

Forest Settlement Officer.

19th May, 1917.

READ—

Comptroller's letter No. 7452—G. A. 11-1440, dated the 12th April 1916.

2. Superintending Engineer, Southern Circle's Letter No. 9454—M. 92-17, dated the 7th December 1917.

Order No. FL. 7563-612—G. F. 237-17-1, dated 10th June 1918.

In the first of the letters read above, the Comptroller forwards, for orders of Government, copies of correspondence between himself and the Government Advocate on a question raised by the Superintendent of Public Works Workshop as to whose signature on vouchers can be considered as valid in the case of payments made to partnership firms on account of articles supplied to Government Departments.

2. The law on the subject, as summarised by the Government Advocate is, that if a debt is due to a firm, payment by the debtor to any one partner extinguishes the claim of all, and as one partner can accept payment of a debt due to the firm, he can effectually release and give a valid receipt for such debt, or, in other words, each partner has authority to receive money due to the firm and to give valid receipts. The Government Advocate is therefore of opinion that it is necessary to ask the firm concerned to give receipts signed by a partner of the firm for and on account of it. The Comptroller, however, apprehends that there are practical difficulties in enforcing this rule, as it necessitates complete and up-to-date lists of partners of firms being maintained in the offices of payment as well as in the Audit office in order to verify the signatures on vouchers for payments made to the numerous firms, with which a Department may happen to have transactions.

3. The Superintending Engineer, Southern Circle, who was consulted in the matter, is of opinion that in the case of obscure firms who have transactions once in a way, if the disbursing officer issues a certificate that payment was made to the best of his knowledge to the correct party, such certificate might be accepted by the audit office without question; and that in the case of partnership firms having frequent transactions, they should be asked to deposit with the disburser before receiving first payment a declaration specifying the names of the partners and countersigned by the Government Registrar of Joint Stock Companies.

4. In these circumstances, Government are pleased to direct that the requirements of the law as explained by the Government Advocate should be complied with. In cases where the Comptroller apprehends practical difficulties in enforcing the rule in his office, the course suggested by the Superintending Engineer, Southern Circle, will be adopted. As a rule, either the officer countersigning the bills or the audit officer should in every case satisfy himself that the person who has signed the bill has authority to do so and to give a valid quitance.

**Annual Report on the working of the Local
Audit Department for 1916-17.**

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 5601—L. A. D. 583, dated 5th November 1917, from the Comptroller to Government submitting the annual Report on the working of the Local Audit Department for 1916-17.
(Printed in extenso.)

Order No. FL. 7706-55—G. F. 86-17-3, dated 14th June 1918.

The Comptroller reports that the programme for the year 1916-17 bringing the work up-to-date was with a few exceptions finished before the end of June 1917 and that the accounts for the Imperial Service Regiment and the Government Weaving Factory which were not audited were not ready for examination during the year under report. The Chief Commandant, Mysore State Troops, and the Director of Industries are requested to take needful action at a very early date and report to Government as to whether the accounts have since been made ready for examination by the audit office.

2. Government observe that the list of irregularities noted in the Comptroller's report is a long one.

3. Most of the irregularities noticed by the Comptroller in the course of outside audit of Government institutions such as those mentioned below could have been avoided by proper supervision on the part of the Heads of Offices concerned.

(1) Long delays in the recovery of amounts irregularly disbursed and of the dues to departments on account of supplies, sales on credit, etc., noticed in the accounts of the Military Stores, Kolar Gold Fields, Police Superintendent's Office, Government Central Press, Government Central Jail and the Stationery Depot.

(2) Irregular advances on account of pay and travelling allowance to establishments made to the establishment of Government House out of cash on hand and for other purposes in the Infantry Offices and the Office of the Mysore Horse and out of the amounts disallowed in audit which were recovered from the parties concerned but kept back long without being credited to the Treasury.

(3) Utilization of receipts from sale of agricultural implements by the Agricultural Inspectors for current expenses of a contingent nature, such as tour charges without being remitted to the Treasury.

(4) Delay in refunding to the Treasury of undischarged pay and travelling allowances, in the Military Stores, Infantry Office, 3rd Battalion and the Office of the Mysore Horse.

(5) Non-maintenance or incomplete maintenance of the Demand and collection register, Auction register, Register of bills issued to parties from whom money was due, etc., in the Agricultural Implement Depot, the Government House, the Mysore City Improvement Trust Board, the Central Jail, and the Imperial Service Transport Corps.

(6) Irregularities in the matter of not maintaining the cash book in proper form and not having the cash balance regularly examined in the Agricultural Implement Depot, the Stamp Superintendent's Office, the Imperial Service Transport Corps, the Central Press, in the Office of the Mysore Horse, in the Office of the Superintendent of Police, Kolar Gold Fields and in the Office of the Mysore Jail.

(7) Unsatisfactory state of the Stock Accounts in the Agricultural Implement Depot, the Government House, The Central Book Depot, the Medical Stores, Infantry Office, 3rd Battalion, the Government Central Press, the Mysore Horse

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

and the Mysore City Improvement Trust Board, the Medical Stores and the Imperial Service Transport Corps.

(8) Payment of salary to the establishment out of imprest or other cash balance before the encashment of pay bills in the Government House and in the Infantry Office, 2nd Battalion.

4. During the course of audit the following serious irregularities were also discovered.

(1) In the books maintained in the Government Press showing the supplies received in the Press and the materials issued from the Store Branch to the Binding and Printing Branches, it was found that there were several corrections of a suspicious nature, tending to show either increased supplies or increased issues and reduced balances of articles on hand, and involving a loss of Rs. 323-3-7 which was ordered to be recovered from the Store-keeper in Government Order No. G. 14235-6—G. P. 28-16-2, dated 22nd April 1917.

(2) In the accounts of the Chitaldrug District Board it was found that some receipts (sixteen in number) obtained from the pound-keepers of Holalkere Taluk on account of fines and feeding charges contained suspicious alterations of the original amounts to larger amounts on which calculation of commission had been made in the President's Office, and that the ink in which the amounts of these receipts were written in words, differed from that in which the figures were entered. The investigation of the matter by the President said to be in progress should be expedited.

(3) The bills for mohatarfa taxes were allowed in Chitaldrug Town Municipality to be written by the bill collector himself and the amounts thereof were altered by him so as to agree with actual collections. Amounts specified as due in the bills were collected in more than one instalment, receipts being given to the tax payers once for all for the whole amount when the last instalment was paid up. The matter is stated to be under enquiry by the Municipal authorities.

5. In regard to the accounts of District Boards and Municipalities generally Government regret to observe that most of the defects pointed out by the Comptroller in his present report as existing in the accounts of the several institutions are repetitions of those noticed in the previous reports and that in his opinion there was no improvement in the year under review.

6. The Comptroller has once again brought to the notice of Government the long delay in the disposal of audit notes, and it is reported that about 108 audit notes of Municipal and District Fund Accounts and 4 outside audit reports were pending disposal with the Heads of Offices for over three months.

7. Government are in entire agreement with the observations of the Comptroller in paras 16 and 18 of his report and they are commended to the attention of local bodies for needful action.

8. As a result of the reconstitution of the Local Audit Department under Government Order No. 4689-90—G. F. 175-16-1, dated 23rd February 1917, and of the redistribution of local and outside audit work and of the formation of a commercial Section under the charge of a Gazetted Officer sanctioned in Government Order No. FL. 6491-504—G. F. 113-17-2, dated 3rd May 1918, Government hope that the officers in charge of local and outside audits will be able to devote greater attention to the peripatatic audit work and to the rectification of irregularities noticed in audit.

9. In para 5 of Government Order dated 3rd March 1917, reviewing the last year's Local Audit Department report a reference was made to the orders of Government laying down the rules regarding the monthly concurrent audit by Finance Committees of local bodies. The Comptroller is requested to devote a paragraph in his future reports to explain how far the instructions of Government in this matter have been carried out.

J. S. CHAKRAVARTI,

Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The Presidents of District Boards and Municipalities.
The Deputy Commissioners of Districts.
The Heads of Departments.

Encl.—c. n.

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

No. 5601—L. A. D. 583, dated 2nd October—5th November 1917, from M. N. Krishna Rao, Esq., Comptroller to the Government of His Highness the Maharaja of Mysore, to B. Ramaswamiatya, Esq., B.A., B.L., Secretary to the Government of Mysore, Revenue Department.

I have the honor to submit the following Report on the working of the Local Audit Department of this office for the year 1916-17.

2. *Officer in charge.*—Mr. A. Narasimhamurthi, Officiating Chief Superintendent, was in charge of the Department during the year.

3. *Staff of Auditors.*—There was no change in the sanctioned strength of auditors working in the Department during the year.

4. *Institutions, the accounts of which were audited during the year.*—The accounts of the following institutions were audited by the staff of Local Auditors during the year :—

(a) Outside Audit Offices—

(d) Commercial Audit—	
Sandalwood Oil Factory, Bangalore ...	10th May 1916 to 31st May 1917
Arts and Crafts Depot, Bangalore ...	1st June 1916 to 31st January 1917

5. *Arrears left out of the sanctioned programme.*—It will be seen that the work left in arrears at the close of the year 1915-16 was completed during the year, and the sanctioned programme for the year was also carried out except the audit of the accounts of the following institutions for 1915-16:—

Outside Audit.—Imperial Service Regiment Government Stables

Municipal Funds.—Channagiri Municipality in Shimoga District, Mulbagal, Bowring-pet and Malur Municipalities in Kolar District, Challakere, Molakalmuru, Jaga-lur, Davangere and Harihar Municipalities in Chitaldrug District.

Commercial Audits.—Government Weaving Factory, Sugar-cane Mill Installations.

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

6. The audit work in arrears under Municipal Funds as well as the audit of the accounts of the Government Stables as noted above was however completed in the month of July 1917. The accounts of the Imperial Service Regiment, for 1915-16 and those of the Government Weaving Factory from 1912, were not ready for examination during year under report. The examination of the accounts of the Sugar-cane Mill Installations could not be taken up during the year as the Commercial Auditor's Services were otherwise utilised for assisting the Government Auditors in auditing the accounts of the Mysore Tannery, the Mysore Spinning and Manufacturing Company and the Bank of Mysore.

For clearing off the arrears of audit work left undone at the commencement of the year and working out the sanctioned programme of the year, it was found necessary to depute three additional hands temporarily during the latter part of the year.

7. *Embezzlements.*—The audit of the accounts of the Government Central Book Depot disclosed a defalcation of Rs. 6,176-8-9, by the Curator Mr. B. Venkatadasappa. Final orders of Government in the matter were passed in Government Order No. 6903-4—Edn. 11-15-171, dated 24th February 1917, directing his dismissal from service.

8. During the audit of the accounts of Chitaldrug District Board it was found that some receipts (sixteen in number) obtained from the pound-keepers of Holalkere Taluk on account of fines and feeding charges contained suspicious alterations of the original amounts to larger amounts on which calculation of commission had been made in the President's Office, and that the ink in which the amounts of these receipts were written in words differed from that in which the figures were entered. The receipts were handed over to the President's Office for investigation, and the result of the enquiry is awaited.

9. *Defects and omissions in accounts.*—The important defects and omissions observed in course of audit of the accounts of offices examined by the local and outside auditors are noted hereunder:—

(a) *Outside Audit.*

(1) There were long delays in the recovery of amounts irregularly disbursed and of the dues to departments an account of supplies, sales on credit, etc., noticed in the accounts of the Military Stores, Kolar Gold Fields, Police Superintendent's Office, Government Central Press, Government Central Jail and the Stationery Depot.

(2) Advances were irregularly made on account of pay and travelling allowance to the establishment of the Government House out of cash on hand, and for other purposes in the Infantry Offices and the office of the Mysore Horse, out of the amounts disallowed in audit which were recovered from the parties concerned, but kept back long without being credited to the Treasury.

(3) Departmental receipts (from sale of Agricultural Implements) were utilized by the Agricultural Inspectors for current expenses of a contingent nature, such as tour charges without being remitted to the Treasury.

(4) There was considerable delay in refunding to the Treasury amounts of undisbursed pay and travelling allowance in the Military Stores, Infantry Office, 3rd Battalion, and the office of the Mysore Horse.

(5) Proper safeguards to watch the recovery of departmental receipts did not exist owing to the non-maintenance or incomplete maintenance of the Demand and Collection Register, Auction Register, Register of Bills issued to parties from whom money was due, etc., in the Implement Depot, the Government House, the Mysore City Improvement Trust Board, the Central Jail, and the Imperial Service Transport Corps.

(6) Remittances received by means of Public Service Transfer Receipts were not realised promptly by the Office of the Inspector-General of Police and there was a delay of over two years in one instance in accounting for departmental money received by the Store-keeper of that office. A similar instance of delay was also observed in the Agricultural Implement Depot.

(7) In regard to the maintenance of the Cash Book, the following irregularities were observed:—

(a) A Cash Book was not maintained till 3rd July 1915, in the Agricultural Implement Depot.

(b) No general cash book was maintained in the Stamp Superintendent's Office.

(c) Omission to include some items of receipts and expenditure were observed in the cash books maintained in the Implement Depot, the Imperial Service Transport Corps, and the Central Press.

(d) The pages in the cash book in use in the office of the Mysore Horse were not numbered.

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

(e) The cash balance on hand was not examined by the Superintendent of Police, Kolar Gold Fields, at any time and the result of verification of cash on hand was not noted in the cash book of the Mysore Jail by the Superintendent.

(8) The stock accounts were either incomplete or not correctly written up in the Agricultural Implement Depot, the Government House, the Central Book Depot, the Medical Stores, Infantry Office, 3rd Battalion, the Government Central Press, the Mysore Horse, and the Mysore City Improvement Trust Board and there was no verification of actual stock with book balances in the Medical Stores and the Imperial Service Transport Corps.

(9) Acknowledgments for salaries disbursed were not obtained in some instances, in Central Book Depot, and for advances given to officials in the Government Central Press; and stamped acknowledgments were not obtained for payments of over Rs. 20 in a few cases in the Infantry Office, 3rd Battalion, and the Government Central Press.

(10) Several vouchers were not available for audit (i) for disbursement of pay and travelling allowance in the Infantry Office, 3rd Battalion and the office of the Mysore Horse, (ii) for payment of contingent charges in the Implement Depot, Infantry Office, 3rd Battalion, the Mysore Horse and the Stationery Depot.

(11) Payment of salary to the establishment out of imprest or other cash balance before the encashment of pay bills was observed in a few instances in the Government House and in the Infantry Office, 2nd Battalion.

(12) There was no list maintained in the Stationery Depot of offices entitled to free supply of stationery.

(13) The practice of drawing money from the Treasury long before it was actually required for expenditure was observed from the accounts of the Mysore Horse in the following instances:

(i) Drawing Chanda donation before it was actually due for payment.

(ii) Full amounts sanctioned for specific purposes were drawn before the amounts actually payable from time to time were ascertained.

(14) In the books maintained in the Government Press showing the supplies received in the Press and the materials issued from the Store Branch to the binding and printing branches, it was found that there were several corrections of a suspicious nature tending to show either increased supplies or increased issues and reduced balances of articles on hand, and involving a loss of Rs. 323-3-7, which has been ordered to be recovered from the Store-keeper in Government Order No. G. 14235-6—G. P. 28-16-2, dated 22nd April 1917.

(15) In the office of the Inspector-General of Police it was observed that certain transactions relating to the supply of the requirements of the Police Officers were kept out of account as neither the amounts recovered from officers supplied nor the payments to the firm for purchases made were brought on the cash book, and a discount of Rs. 13-7-9 received on this account from the firm for supplying Khaki cloth was also long kept out of account without being credited to the Treasury.

10. Instructions for the rectification of errors and omissions in the accounts of the offices examined by the outside Auditors were given by the Officer in charge during his inspections and incorporated in the Audit Notes.

(b) *District Funds.*—The main defects observed in the audit of District Fund Accounts are noted below:—

(1) Want of adequate safeguards for prevention of double claims, due to omission to make necessary entries in the proper places.

(a) when supplemental claims were admitted in respect of amounts held over in original bills,

(b) when amounts in deposit were refunded, and

(c) when commission to pound-keepers was paid on the amounts realised as fines,

(2) Omission to file properly payees' receipts, nominal rolls, and completion bills for works.

(3) Submission of work bills without check of measurements by Vice-Presidents and subsequent passing of such bills in the President's Offices without withholding any reserve.

(4) Incomplete and erroneous postings in work registers.

(5) Check register of establishment not maintained in Kolar District, and not posted up to date in Shimoga District.

(6) Omission to note the contributions recovered from villagers in the Drinking water wells works register of Bangalore District.

(7) Omission to maintain lists of vessels and articles of furniture in musafirhanas and 3rd class travelling bungalows in Kadur and Tumkur Districts.

No. FL. 7706-55 --G. F. 86-17-3, DATED 14TH JUNE 1918.

(8) Grant of acting allowances contrary to rules.

(9) Omission to properly reconcile the balances according to the Treasury Pass Book with the District Fund monthly cash accounts.

(10) Omission to work out the details of Public Debt balances in the monthly cash accounts of Bangalore District Board.

(11) Omission to maintain a register of permanent advances held on account of various Taluk Boards and Unions in the Bangalore District.

(12) Omission to post the details of deposits in the Deposit Registers of Kolar and Shimoga Districts.

(13) Incomplete and incorrect preparation of Schedules of Establishment.

(14) The collections in Malur Union of Channarayana Taluk for 1915-16 amounted to only Rs. 120-4-11, as against the actual demand of Rs. 758-12-0, and the Jamabandi of Haraganur Union in Bangalore District for 1915-16 was not settled at all.

(15) The measurement books and estimates for a large number of works were not available for audit in Chitaldrug District as also several expenditure vouchers in Bangalore District.

(16) Long delays in the payment of pound commission charges and in the recoupment of imprest.

(c) *Kolar Gold Fields Sanitary Board Accounts.*

11. The important defects discovered in the audit of Kolar Gold Fields Sanitary Board Accounts were --

(1) The arrears under Mohataifa taxes payable by cooly colonies which amounted to Rs. 584 at the commencement of the year increased to Rs. 1,108 at the close of the year;

(2) The Treasury pass book did not contain adjustments intimated by the Comptroller.

(3) The counterfoils of market licenses did not show in some cases the details of commodities in respect of which license fees were recovered;

(4) The pound accounts of Ghatmadamangala village within the area of the Sanitary Board were not available for audit.

12. Suitable instructions in regard to the rectification of errors and the correct procedure to be followed were given by the Local Auditors and by the Officer in charge of the Department during his inspection tours, and were incorporated in the audit notes.

13. (d) *Municipal Accounts.*—The following omissions and irregularities were observed during the audit of Municipal Accounts.—

(1) The Jamabandi for the year 1915-16 was not settled in the Municipalities of Chitaldrug, Belur and Arsikere till the close of that year; and in several Municipalities of the Mysore District, the demand for the year 1915-16 had not been settled before the commencement of the collections for the year.

(2) General revision of taxes was not effected in the Municipalities of Kallurkatte, Sagar, Challakere, Channarayana, Arsikere, Belur and Saklespur, and no notice of the revision was given to the tax payers in Shimoga and Arkalgud Municipalities the revision list in Arkalgud Municipalities for 1915-16 was signed by the Vice-President on 24th July 1916 and was not submitted to the President for approval.

(3) The Mohataifa Demand Register for 1915-16 was not written up in Shimoga Town Municipality and the collections for the year were posted in the register for 1914-15, and in the Municipalities of Jagalur, Arsikere, Kumsi and Kallurkatte, it was not written up till the close of the year 1915-16.

(4) The arrears of demand under Mohataifa taxes increased during the year in Bangalore City Municipality, and several Municipalities in Bangalore, Mysore, Kolar, Tumkur, Kadur and Chitaldrug Districts.

(5) The Demand Register under Animal and Vehicle taxes in Bangalore City Municipality was not correctly prepared and half-yearly statements of collections were not obtained from the Collection Department; the arrears at the close of 1914-15 were not struck and carried forward to the next year's accounts but the amount actually collected during 1915-16 on account of arrears was taken to be the opening balance of uncollected arrears.

(6) There was no reconciliation in Bangalore City Municipality under market rent of the accounts of the Market Sergeant with those of the head office.

(7) No stock account was kept in Bangalore City Municipality of cycle discs and drivers' badges, nor was any Demand Register kept for cycle tax. It was observed that the number of discs issued during the second half of 1915-16 was less than that issued during the first half by 421. The tax on motor cars and motor cycles with side cars was not collected in

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

some cases during the second half-year, and there was no effective check to ensure prompt recovery of the tax in all cases.

(8) Prompt steps for the recovery of arrears were not adopted by issue of demand notices, and recourse to coercive measures was not had in several Municipalities of Mysore, Chitaldrug, Kadur, Tumkur and Kolar Districts.

(9) No interest on belated payments was levied in some Municipalities of Kadur, Tumkur, Kolar, Chitaldrug, Hassan and Shimoga Districts.

(10) The arrears under other taxes and miscellaneous items such as market and slaughterhouse contract, sale of grass and manure, toll khists, etc., were heavy in Bangalore City Municipality, the total amount remaining uncollected from 1913-14 to 1915-16 aggregating Rs. 8,298-5-8.

(11) The taxes on Government buildings used as residential quarters of Government employees, including the huts of Sowars and Barr Sepoys, were not promptly recovered in Shimoga, Hassan, Chitaldrug and Kadur Districts.

(12) The demand registers of several Municipalities contained the following defects:—

- (i) Omission to carry forward the arrears at the close of previous year.
- (ii) Omission to note the demand as at the close of previous year in the current year's register and note the variations according to orders passed in the Mutation Register.
- (iii) Omission to note punctually the collections under Mobatarfa according to the Khirdi.
- (iv) Omission to note the variations ordered in the Mutation Register.

(13) Octroi was levied in some Municipalities on the net value only of piece-goods after deducting the trade discount and not on the gross value thereof.

(14) Copies of invoices (of piece-goods on which Octroi was levied) attested by merchants were not available for examination in some Municipalities.

(15) In some instances the number, quantity, description and value of articles on which octroi was levied was not noted in the Octroi register and in the counterfoils of receipts in the Municipalities of Hiriyur, Jagalur, Arkalgud, Alur, Belur, Sagar and Honnali.

(16) There were no receipts under cattle-pounds in Saligram Municipality and the pound registers of Shikarpur and Arsikere Municipalities were not produced for examination.

(17) The counterfoils of admission receipts and release passes issued by pound-keepers were not produced for examination in Shimoga, Tirthahalli, Kallurkatte, Shikarpur, Alur, Chitaldrug and Sagar Municipalities; admission receipts and release passes were not granted in some instances in Davangere, Channarayana and Hassan Town Municipalities.

(18) The mistakes detected in the examination of pound accounts are: (i) wrong postings in the pound register of the number and description of animals and of fines and feeding charges, (ii) omission to obtain the signatures of releasers of cattle.

(19) The "Baramarga" passes issued by Seringapatam Municipality were not posted with counterfoils in some cases, and it could not be ascertained whether the goods covered by the passes did really leave the limits of the Municipality. The loss caused to the Municipality in the event of the goods having remained within the Municipality would amount to Rs. 700 during 1914-15 and Rs. 1,020-9-9 during 1915-16. In the case of the Hunsur Municipality such passes were not got back and filed with the counterfoils at all.

(20) Petty cash book was not maintained in Shimoga and Devanahalli Municipalities and treasury pass books were not maintained by the Municipalities of Melkote, French Rocks, Hunsur, Yedatore and Periyapatna.

(21) There was no evidence of examination of the petty cash book by Vice-Presidents in the Municipalities of Molakalmuru, Davangere, Kumsi, Tirthahalli, Sorab, Hole-Narsipur, Alur and Saklespur.

(22) Expenditure unconnected with Municipalities was incurred out of imprest in some instances, and in several Municipalities items of expenditure incurred years ago out of imprest remain unrecovered, the oldest of such items being in Seringapatam Municipality, amounting to Rs. 67-14-0 from 26th August 1899 to 27th August 1909.

(23) Stock registers of measurement books, cheque books and counterfoil receipt books, were not maintained in some cases.

(24) For the audit of public works expenditure, estimates for several works, payees' receipts, nominal rolls and completion certificates were not available.

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

(25) In the preparation of the monthly cash accounts, the amounts of cheques actually cashed were taken into the accounts instead of cheques issued during the month in some Municipalities and the plus and minus memo of public debt transactions was not worked out in the cash accounts of several Municipalities. The opening and closing balances were not noted nor was any explanation furnished for the differences in the balances at their credit as per Treasury Pass Book and Municipal Cash Accounts.

(26) The bills for Mohatarfa taxes were allowed in Chitaldrug Town Municipality to be written by the bill collector himself and the amounts thereof were altered by him so as to agree with actual collections. Amounts specified as due in the bills were collected in more than one instalment, receipts being given to the tax payers once for all for the whole amount when the last instalment was paid up. The matter is under enquiry by the Municipality.

14. Instructions for the correct preparation of Municipal accounts and maintenance of registers, etc., were given by the Officer in charge of the Local Audit Department in his tours in Tumkur, Hassan, Kadur, Shimoga and Chitaldrug Districts during the year and by the Local Auditors during the audit of the accounts, and the existing defects were also pointed out in the audit notes for necessary action being taken for their rectification.

15. It will be seen that most of the defects pointed out are those noticed in the previous reports. It cannot be stated that there was any improvement in the year under report in the condition of the accounts of the Municipalities and District Boards. No improvement can be expected until the authorities of the Local Bodies conduct Jamabandi in time, exercise closer control over the agency employed on collection work, engage efficient men as clerks for keeping accounts, see that accounts are written up properly and in time and make use of accounts for seeing that the amounts due to them are realised in time and those due by them are paid only after sufficient scrutiny.

Special Audit.

15(a). Special audits of the noted below institution, undertaken in accordance with orders of Government were completed during the year under report and the audit of the accounts of Hebbal Farm from 1st July 1914 to 30th June 1917 was in progress at the close of the year. The audit of the accounts of the Art Litho Press and the Aryan Hosiery Factory was attempted, but could not be done as the accounts of those concerns had not been written up.

Name of Institution			Period from which the accounts were audited.		
Lunatic Asylum	...	...	1st July	1913 to 30th June	1916.
Minto Ophthalmic Hospital	...	...	1st January	1913 to 31st December	1916.
Military Secretary's office	...	...		1898 to	1915.
Estate of the minor son of the late Rao Bahadur	}		21st February	1910 to 14th December	1913.
Gubbi Thotadappa			1st July	1915 to 30th June	1916.
			1st July	1916 to 31st December	1916.

Preparation of Account Forms.

16. Account forms suitable to the requirements of the Military Stores and the Village Panchayets to be constituted under the Local Self-Government Scheme were approved by Government during the year. A set of forms required for use in the Government Central Book Depot which was prepared by this office, is pending consideration with the Inspector-General of Education. A memorandum of instructions in regard to keeping the account books of the estate of the late Rao Bahadur Gubbi Thotadappa's minor son was forwarded for necessary action to the Deputy Commissioner of Bangalore District.

Disposal of Audit Notes.

17. A statement showing the audit notes pending on 10th October 1917, with Presidents of District Boards and Municipalities and Heads of Departments for over three months is appended to this report. It will be seen from the statement that except in the Kolar District, the disposal of audit notes by Local Bodies is very dilatory, with the result that the same objections have to be repeated in the audit notes. Objections raised in audit must receive the promptest attention and unless this is impressed on the authorities of the Local Bodies it is impossible to expect any improvement in the condition of their accounts.

No. FL. 7706-55—G. F. 86-17-3, DATED 14TH JUNE 1918.

Statement showing the audit notes sent to Presidents of Local Bodies and Heads of Departments prior to 10th July 1917 pending replies on 10th October 1917.

**Capital and Revenue Accounts of
Krishnarajasagara and Allied
Works, etc.**

No. FL. 7513-62—G. F. 245-16-4, DATED 10TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Order No. FL. 7513-62—G. F. 245-16-4, dated 10th June 1918.

Government are pleased to issue the following instructions in regard to the maintenance of capital and revenue accounts of (1) Krishnarajasagara and allied works and (2) of buildings included in projects such as the Cauvery Power Works, Vanivilasa and Krishnarajasagara Works, and Chamarajendra and other water works which are now excluded from the Capital and Revenue Accounts of Buildings.

2. *A. Krishnarajasagara and allied works.*—The entertainment of a regular maintenance establishment for these works having been sanctioned, arrangements should be made for maintaining Capital and Revenue accounts for all the several units comprised in the group of works as indicated below—

- (i) One account for the Reservoir and main canals fed by the Reservoir, *viz.*, the two low level canals and high level canal.
- (ii) Separate accounts for each of the old canals which receive summer supply from the reservoir for sugar-cane cultivation, *i.e.*,
 - (a) Rajaparameswari.
 - (b) Ramaswami.
 - (c) Mahadevamantri.
 - (d) Chickdevarayasagar.
 - (e) Deveray.
 - (f) Virajawadi.
 - (g) Bangaradoddi.
- (iii) Separate accounts for each of the canals above the reservoir.—
 - (a) Hemagiri.
 - (b) Mandagere.
 - (c) Chamaraj right bank canal.

3. The revenue realised from the reservoir and main canals 2 (i) consists of two parts, the Electrical and the Irrigational, the former of which will be credited by adjustment from Cauvery Power Scheme in accordance with the orders in force. This question is undergoing further examination and definite orders as regards the amount to be transferred by adjustment will separately issue. The Irrigational revenue is derived from lands irrigated by the two low level canals and the high level canal. Certain portions of the revenue derived from the works referred to in clauses (ii) and (iii) of para 2 will also be credited to the revenue account of the Reservoir as explained in paras 4 and 5 *infra*.

4. As regards the seven old canals mentioned in para 2 (ii) separate capital and revenue accounts should be maintained for each. The additional water rate that may be levied for the summer supply under these seven canals will be transferred to the credit of the Reservoir works revenue account.

5. For the three canals included in para 2 (iii) above the revenue should be divided into three portions.—

- (a) Revenue from lands cultivated in lieu of submerged area.
- (b) Revenue from extensions due to natural flow in the river.
- (c) Revenue from irrigation extensions above the Reservoir due to the increased supply of water.

No. FL. 7513-62—G. F. 245-16-4, DATED 10TH JUNE 1918.

The first two items will be credited wholly to the revenue account of these canals but the last item of revenue should go to the credit of the Reservoir account. The lower canals will be fed direct from the reservoir and the portion of the river supply released will be available for extensions above the reservoir.

The proportionate division of the total revenue under the 3 heads as above will be made by the Comptroller in consultation with the Chief Engineer and the Revenue Commissioner.

6. The detailed capital and revenue accounts of the Reservoir and main canals should be kept in the six forms referred to in para 1718 of the Public Works Department Code, Vol. II. The accounts of the works included in para 2 (ii) and 2 (iii) should be kept in the three forms prescribed in Government Order No. 695-707—P. W. 3250-62, dated 7th April 1916.

7. *B. Government buildings included in projects.*—The capital and revenue accounts of buildings, the capital outlay on which is debited to the respective projects such as Cauvey Power Scheme, Marikanave, Krishnarajasagara and other works are at present excluded in the general account of the capital and revenue transactions of Government buildings let or available for occupation as residences. Government are of opinion that this exception should not be made. The Comptroller is therefore requested to include in future all rentable Government buildings whether forming part of a project or not in the general return prescribed in the Public Works Code, Government of India Form 99 A. This will not however interfere with the capital and revenue transactions in respect of these buildings being included in the accounts of the respective projects as heretofore.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller, Mysore Government.
The Secretary, Public Works Department.
The Heads of Department.

Encl.—C. R.

Claim to Excise Revenue from Toddy.

No. FL. 7485-6—S. R. 174-16-4, DATED 7TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. FL. 4452-3—S. R. 52-14-2, dated 10th February 1917, conceding the Excise Revenue from toddy to the Inamdar of Asavalu, Hunsur Taluk, during the life time of the present inamdar.

2. Correspondence ending with letter No. G. C. 139-17, dated 1st May 1918, from the Excise Commissioner regarding the request of Mr. Anoo Rama Rao, Inamdar of Asavalu, for the recognition of the claim to the Excise revenue of the village without any time limit.

Order No. FL. 7485-6—S. R. 174-16-4, dated 7th June 1918.

After a careful reconsideration of the case Government are of opinion that, as the claim to the Excise revenue of the village was made and investigation of the same began in 1906, the rules applicable to the case are those issued with Government Order No. 2074-83—R. F. 166-92, dated 2nd August 1901, and not those contained in Chief Commissioner's Order No. 3697—Rev. 30, dated the 8th October 1873.

2. The Sannad is not forthcoming, but the revenue has been conceded by the Inam Settlement in 1880. Para 19 of the rules of 1901 requires proof enjoyment for at last 12 years prior to 1892-93. The inamdar has adduced evidence showing proof of enjoyment for twenty-two years. Government are accordingly pleased to revise the Government Order of 10th February 1917 read above, and to recognize the claim of the Inamdar to the Excise revenue from toddy without any time limit.

G. SRINIVASA IYER,

For Secretary to Govt., Revenue Department.

To—The Excise Commissioner in Mysore.
The Comptroller to Government.

Exd.—c. R.

**Report on the Administration of
Prisons in Mysore.**

No. J. 4991-5004—PRIS. 43-17-3, DATED 6TH JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 664—91-07, dated 15th April 1918, from the Inspector-General of Prisons in Mysore, submitting the Report on the Administration of Prisons in Mysore for the calendar year 1917.

Order No. J. 4991-5004—PRIS. 43-17-3, dated 6th June 1918.

The number of prisoners of all classes admitted during the year 1917 was 9,420 against 9,857 and 10,256 respectively, in the two previous years. With the number in confinement at the end of 1916, the total prison population was 10,692; of whom 9,653 were discharged during the year. The decrease in the daily average from 1260·20 in 1916 to 1164·01 is attributed to the despatch of 148 convicts for service in Mesopotamia.

2. The proportion of short-term convictions continues to be markedly excessive; and Magistrates, whose attention was drawn to the subject in the last year's Government review, do not appear to have given sufficient effect to the provisions of Section 562 of the Criminal Procedure Code. Government regret to observe that a matter so frequently noticed should have failed to impress them with its importance.

3. The number of Jail offences committed by convicts rose from 246 to 294. It is hoped that the commission of these offences will, as far as possible, be checked by efficient exercise of discipline and authority coupled with suitable precautionary measures.

4. The scales of dietary prescribed in the new Jail Manual were in force in the two Jails during the year under report.

5. Government are glad to note that the operation of the remission rules embodied in the new Jail Manual brought into force from 1st July 1917, has resulted in a great saving of labour. Under the new system the same set of rules is applied to calculate remission for lifers as well as termers; the scale of remission is made more liberal; and the use of marks is given up in deducting the period of remission earned. Convicts released under it numbered 283 against 256.

6. The gross expenditure of the year under report excluding the outlay on buildings and repairs carried out by the Public Works Department was Rs. 1,04,264-3-7 against Rs. 1,10,178-5-11 in the previous year. This decrease is accounted for by a smaller number of admissions and by the conditional release of 148 convicts for service with the British Forces in Mesopotamia. The net cost of maintenance was Rs. 75-2-2 against Rs. 75-7-3 per head. The net cash earnings were Rs. 16,807-12-10 against Rs. 15,092-8-2 in the previous year.

7. Government feel concerned at the rise in the number of prisoners admitted to hospital from 455 in 1916 to 641 and in the prison mortality from 10 to 22 during the period under report. The admissions for malarial fevers alone have increased from 191 to 286. The daily average of sick prisoners has risen from 14·36 to 16·19. The sanitary conditions of jail life call for very careful examination with a view to all practicable improvement and the Inspector-General of Prisons is requested to devote special attention to the matter.

8. Orders have since issued granting a small increase of emoluments to warders temporarily for a period of one year in view of the present abnormal conditions of labour. It is hoped that this concession will be found to lessen the difficulty experienced in securing proper men as warders.

No. J. 4991-5004—PRIS. 43-17-3, DATED 6TH JUNE 1918.

9. Specific proposals in the matter of the construction of a separate Jail outside the municipal limits of the Bangalore City are awaited.

10. As the appointment of non-official visitors to the Jails has recently been sanctioned, the Inspector-General is requested to furnish in the future reports of the Jail Administration information about the duties performed by both the official and the non-official visitors.

11. Government are glad to note that the administration of the department has on the whole been satisfactory. The improvement of jail industries is under the consideration of Government.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Coffee Stealing Prevention Act.

No. J. 4990—Pol. 3-17-4, DATED 6TH JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 7885—565, dated the 17th May 1918, from the Inspector-General of Police in Mysore, forwarding a Report on the working of the Coffee Stealing Prevention Act for the season ending the 31st March 1918.

(Printed as annexure.)

Order No. J 4990—Pol. 3-17-4, dated 6th June 1918.

Recorded.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Inspector-General of Police in Mysore.

Letter No. 7885-565, dated 17th May 1918, from K R. Srinivasengar Esq., M.A., Inspector-General of Police in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

I have the honor to submit the following Report on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1918.

2. During the season under review no cases were reported under the Special Act in the Hassan District, while there were 2 cases in the Kadur District of which 1 ended in conviction and the other was awaiting trial at the close of the season.

The District Magistrate, Kadur, attributes the decrease in the number of cases partly to the vigilant supervision exercised by the Police by the opening of special Police Out-posts at the junctions of all important roads in the coffee growing centres and partly to the fall in the price of coffee which is no longer tempting.

3. The sub-joined statement shows the details of coffee thefts dealt with under the Indian Penal Code:—

District	Cases										Persons					
	Pending	Reported	Total	Refused	Convicted	Acquitted	Struck off on B form	Pending on A form	Pending on B form	Pending with police	Pending	Prosecuted	Total	Convicted	Acquitted	Pending
Kadur	5	6	11	2	1	1	2	1	4	2	1	6	7	1	3	3
Hassan	2	1	3	...	...	2	1	...	...	...	1	2	3	...	3	...
Total for 1918	7	9	16	2	1	3	3	1	4	2	2	8	10	1	6	3
Total for 1917	16	17	33	1	7	1	14	3	9	1	3	16	19	13	4	2

Sixteen cases involving 10 persons were dealt with including cases and persons pending from the preceding season, of which 2 cases were refused investigation, 1 case with 1 person ended in conviction, 3 cases with 6 persons ended in acquittal or discharge, 3 cases were struck off on B form, 1 case with 3 persons was awaiting trial before the Magistrate, 4 cases were pending with Magistrates on B forms and 2 with the Police.

4. There was no requisition from private individuals for the loan of the services of Police constables in either of the districts.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 350—E. A. G. 184, dated the 31st January 1918, issuing a Police Manual for the guidance of the officers of the Police Department in the State

Order No. J. 5106—Pol. 177-17-1, dated 14th June 1918.

Government are pleased to direct that the rules relating to Talimkhanas published in the Police Manual be amended as follows:—

Vol. I., page 132—Rule 475.

Add "Chamrajnagar, Gundlupet, Nanjangud, Hunsur, Periyapatna, Saligram, Kallali, Kannegowdankoppal, Melkote, Nagamangala, Kaunatabadi, Hassan, Saklespur, Arkalgud, Konanur, Channarayapatna, Sravanabelagola, Belur, Narsipur, Mudgere," after "Bellur" in line 3 of the rule.

Vol. II., pages 81-2.

Substitute the following for *Appendix XII—*

Rules for Licensing Talimkhanas

These rules shall come into operation from the date on which they are published in the *Mysore Gazette* and shall apply to all towns in the Mysore Province to which the rules published in Chief Commissioner's Notification No. 365, dated the 9th February 1876, applied, and to such other towns as the Local Government of Mysore may from time to time extend them.

2. The proprietor of every *Talimkhana* shall be required to apply to the Magistrate of the district for a license. Should the Magistrate of the district grant the license, the *Talimkhana* for which it is granted shall be registered as follows, in a book to be kept for the purpose, on payment of a fee of Rs. 10 by the applicant.

3. The register shall contain the following particulars:—

- 1st. The Number.
- 2nd. The name of the Mohalla.
- 3rd. The name of the *Talimkhana*.
- 4th. The name of the Proprietor.
- 5th. His calling or profession.

4. No proprietor of a *Talimkhana* in a town to which these rules extend, or to which they may hereafter be extended, shall be allowed to keep his *Talimkhana* open without a license, and any proprietor, manager, or keeper of a *Talimkhana* in any such town aforesaid, who keeps a *Talimkhana* without a license, shall be liable on conviction before a Magistrate to a fine not exceeding Rs. 500.

5. Every license shall remain in force for twelve months to be renewed at the end of that period by the holder on payment of a fee of Rs. 10.

6. No license will be issued until the proprietor of the *Talimkhana* furnishes 2 securities in Rs. 50 each, for his due compliance with the terms of these rules, and in the event of breach of the same being established against him before a Magistrate, the said securities will be liable to forfeiture of the amount for which they become security.

7. A list of persons who frequent the *Talimkhana* shall be furnished by the proprietor to the chief Police officer of the town, whenever it is called for.

8. No proprietor of a *Talimkhana* shall harbour any bad character or allow

NO. J. 5106 --POL. 177-17-1, DATED 14TH JUNE 1918.

gambling to be carried on within his premises. In the event of any bad characters seeking a refuge in the *Talimkhana*, it will be the duty of the proprietor to give immediate information to the Police.

9. Every proprietor of a *Talimkhana* shall cause a board to be placed in some conspicuous position, on which the name of the *Talimkhana* and the name of the proprietor will be legibly written.

10. On all occasions of Mahomedan or Hindu festivals, the proprietor will be held responsible for the conduct of those who frequent the *Talimkhana*.

11. The Police shall have full permission to visit any *Talimkhana* at any time.

12. Except with the special permission in writing of the Magistrate having local jurisdiction, no *Talimkhana* will be allowed to remain open after 9 o'clock at night.

13. Any infringement of any of the above rules will render the proprietor liable to forfeiture of his license, which may be at any time withdrawn by the Magistrate of the district and, in addition, the proprietor, manager or keeper of a *Talimkhana* shall be liable on conviction by a Magistrate of breach of any of the Rules 7, 8, 9 or 12 to a fine of Rs. 500.

14. Nothing in these rules shall prevent the District or Cantonment or Town Magistrate from at any time closing any *Talimkhana*, should he consider it necessary in the interests of the public to do so.

15. A copy of these rules will be kept in the possession of the proprietor of every *Talimkhana*.

Note—These rules are in force in Sosale, Bannur, Seingapatam town, Ganjam, Malvalli town, Knigival, Bellur, Channarajenagar, Gundlupet, Nanjangud, Hunsur, Periyapatna, Saligram, Kallali, Kannegowdunkoppal, Melkote, Nagamangala, Kannambadi, Hassan, Saklespur, Aikalgad, Konanur, Chinnarayapatna, Sravanabelagola, Belur, Narsipur, Mudgere, Davangere town and Bangalore and Mysore Cities. (Rule 475, Volume I.)

Industrial Suburb, Bangalore City.

No. 7080-6—ML. 213-16-7, DATED 19TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.****GENERAL AND REVENUE DEPARTMENTS.****READ AGAIN—**

Paragraph 8 of the memorandum appended to Government Order No. 2747-50—Ml. 111-15-32, dated 3rd November 1916, regarding the formation of an Industrial Suburb for the Bangalore City on the site selected on the Bangalore-Magadi road, measuring about 221 acres, and the financing of the scheme.

READ ALSO THE FOLLOWING COMMUNICATIONS—

(1) Letter No. 505—C. I., dated 5—8th May 1917, from the President, Municipal Council, Bangalore City, submitting plans and an estimate for laying out the said suburb and soliciting sanction thereto, and to the following proposals :—

- | | |
|---|--|
| <ol style="list-style-type: none"> 1. Mr. Bullappa's Fire Brick and Tile Works. 2. Messrs. Rickie Bros. Iron Foundry. 3. Mr. Papanna's Iron Foundry. 4. " Ingle's Lime Factory and also 5. The site to be allotted to Mr. Hanumanth Rao Sindhe for manure works. | <ol style="list-style-type: none"> (i) The areas in the occupation of the marginally noted industrial concerns to be formally acquired and confirmed to them. (ii) The Madigarapalya to be removed from its present position and located at the north-east corner of the suburb. |
|---|--|

(iii) An Industrial Bureau with central offices, laboratory, etc., to be located on the site of the existing Epidemic Diseases Hospital.

(iv) Basavanapalya to be realigned.

(v) Upset price to be fixed at Rs. 1,000 for 2-acre factory sites and at 4 annas per square yard for residential sites.

(vi) The amount necessary for payment of compensation for properties acquired and for laying out roads, to be advanced by Government subject to recoupment from the sale proceeds of sites.

(2) Letter No. 1754, dated 6th September 1917, from the Secretary, Mysore Economic Conference, submitting a copy of the resolution of the Industries and Commerce Committee of the said conference, recommending that the President's proposals enumerated above may be sanctioned subject to satisfactory arrangements being made for adequate water-supply to the suburb and to the amount of compensation being advanced by Government as a loan without interest subject to recoupment as aforesaid, and that the surplus from site values may be formed into a fund for development of the suburb.

(3) Letter No. 228—C. I., dated 4—5th December 1917, from the President, Municipal Council, Bangalore City, submitting for orders a subsidiary scheme for an independent water-supply to the suburb involving an initial outlay of Rs. 30,000 and recurring expenditure of Rs. 4,620 per annum for maintenance.

Order No. 7080-6—ML. 213-16-7, dated 19th June 1918.

Sanction is accorded to the President's proposals for the formation of the suburb and to the estimate for Rs. 1,06,157 for acquiring lands, etc., and for laying out roads.

2. The Comptroller is requested to advance an amount not exceeding Rs. 74,557 to the President, Municipal Council, Bangalore City, for payment of compensation for properties acquired and to watch the progress of recoupment thereof. He is requested to submit a report to Government at the end of one year as to the amount advanced and recouped.

3. The President of the Municipal Council is also requested to furnish a Demand, Collection and Balance statement every month, showing the number of sites sold, value recovered and the balance of the advance outstanding, till the advance is finally adjusted.

No. 7080-6--ML. 213-16-7, DATED 19TH JUNE 1918.

4. As regards the advance from Government for laying out roads, the Government consider that the Municipal Council should contribute this amount as well as the cost of the water-supply scheme in consideration of the benefits accruing to the Municipality by the suburb.

5. The Chief Engineer is requested to have Mr. D'Cruz's scheme for the water-supply investigated and to submit a detailed estimate in due course.

6. The Municipal Council may hold one of its officers responsible for the work and associate with him a small Committee, to give effect to the intentions of Government. The advice of the Department of Industries and Commerce may be obtained, from time to time, in regard to the development of the suburb.

7. The sites in the suburb should be allotted only to *bona fide* subjects of the State who, in the opinion of the Municipal Council, are anxious and able to develop industries which would benefit the city and the State.

8. Correct capital and Revenue accounts should be maintained by the Municipality and submitted to Government on the 1st September of every year.

9. Sanction is also accorded to the President's other proposals made in his letter of the 5th May 1917, enumerated (i) to (v) above.

READ—

Letter No. G. C. 198, dated the 10th September 1917, from the Senior Surgeon forwarding proposals for the conversion of the existing female dispensaries at the headquarters of districts other than Bangalore and Mysore into Maternities and training institutions for the training of local women in scientific midwifery.

(Printed as an annexure.)

2. The following communications from the Deputy Commissioners of Districts other than Bangalore and Mysore, forwarding resolutions of the District Boards and the Municipal Councils at headquarters as to their willingness or otherwise to meet the initial and recurring charges in respect of the proposals made by the Senior Surgeon.

- (a) Letter No. L. F. C. 1016, dated 4th January 1918, from the Deputy Commissioner, Kadur District.
- (b) Letter No. L. F.—S. C. 54(a), dated 26th December 1917, from the Deputy Commissioner, Tumkur District.
- (c) Letter No. D. Dis. 88—L. F., dated 18th December 1917, from the Deputy Commissioner, Hassan District.
- (d) Letter No. H.C. 67 (L. B.), dated 9th January 1918, from the Deputy Commissioner, Shimoga District.
- (e) Letter No. D. Dis. 198, dated 8th January 1918, from the Deputy Commissioner, Kadur District.
- (f) Letter No. L. C. 382, dated 18th March 1918, from the Deputy Commissioner, Chitaldrug District.

Order No. 7271-8—Med. 48-17, dated 29th June 1918.

Government are pleased to direct that as a first step the female dispensaries at Tumkur, Shimoga and Chikmagalur be converted into small Maternities and institutions for the training of local women in scientific midwifery, on the scale of expenditure proposed by the Senior Surgeon, the recurring charges being met from the District and Municipal Funds in the usual proportions.

2. The Chief Engineer is requested to take necessary action for the preparation of plans and estimates for the additional buildings required by the Medical Department to give effect to the scheme and for the speedy execution of the works after 2rd of the cost is placed at the disposal of the Public Works Department by the local bodies.

3. The Deputy Commissioners of the Tumkur, Shimoga and Kadur Districts are requested to see that the shares payable by the District Board and the Municipal Council towards the construction of the additional buildings are provided for in their respective budgets for the coming year by reappropriation.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Deputy Commissioners of Districts other than Bangalore and Mysore.
The Comptroller (through Branch II).
The Chief Engineer, and the Senior Surgeon in Mysore.

Red—C. R.

No. 7271-8—MED. 48-17, DATED 29TH JUNE 1918.

ANNEXURE.

No. G. C. 198, dated 10th September 1917, from Rajakaryapravina Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M., Senior Surgeon with the Government of His Highness the Maharaja of Mysore, Bangalore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General Department, Bangalore.

There is a large number of women of the Barbar and other classes in every part of the State who are practising Midwifery in a crude and primitive way and it is not possible to make them go to Bangalore or Mysore where alone arrangements at present exist for imparting training in Scientific Midwifery. In order, therefore, to offer training facilities to these Dayees and to other local Indian women desirous of being trained in Scientific Midwifery nearer their homes, I have the honor to propose the conversion of the existing Female Dispensaries in each of the Headquarters (except Bangalore and Mysore), into small Maternities and training institutions. The existing buildings having been intended only for out-patients' requirements, the following additional accommodation will have to be provided at each of the places:—

- (1) Lying-in-accommodation for 12 patients, preferably divided into 2 or 3 rooms containing 6 or 4 beds each with bath rooms attached.
- (2) Ward for waiting cases.
- (3) A labour ward.
- (4) A Kitchen.
- (5) Residential quarters for—
 - (1) a Midwife, 3 ayahs, 6 pupil midwives, 1 cook and 1 toti.

These buildings may roughly cost about Rs. 15,000 and their equipment Rs. 1,000 for each District Headquarter.

The following additional establishment will also be required for these maternities:—

	Rs.
(1) Midwife	15+5
(2) Three Ayahs at Rs. 8 each	24
(3) One female cook on Rs. 8	8
(4) One toti on Rs. 8	8
Total	60 per mensem.

The expenditure on diets, bedding and clothing and other Hospital necessities, calculated on the average of expenditure under these heads in the Bangalore Maternity may be put down at Rs. 100 a month.

The pupils while under training will have to live in the quarters on the premises and be always under discipline. They will be given a scholarship of Rs. 10 each, during the period of training, which may be limited to six months or twelve months according to the capacity of pupils concerned. In the case of women who have already been practising midwifery a course of six months' training may be sufficient to make them give up their old ways and learn the scientific methods. While in the case of pupils who are new to the profession, a full twelve months' course may be necessary.

In each case the candidates will be examined by a competent Board and on their passing the examination, they will be awarded diplomas entitling them to practise as midwives. The amount required to meet the scholarship of 6 pupils at Rs. 10 each will be Rs. 60 per month.

The total additional monthly recurring cost for each District Headquarter will thus be:

	Rs.
On establishment	60.
On diet and other charges	100.
On scholarships	60.
Total	220 a month or Rs. 2,640 a year.

The local Municipal midwife and the relieving midwife of the District may both be made to work in the Maternity, when they are off their duty.

I request that Government may be pleased to approve of the scheme.

Selection of Recruits to the
Commissioned Ranks.

No. G. 17592 3—Mily. 353 17-1, DATED 22ND JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 17592-3—Mily. 353-17-1, dated 22nd June 1918.

With a view to facilitate proper and systematic selection of recruits to the Commissioned ranks of the several units of the Mysore Army, Government are pleased to appoint a Committee consisting of the Member in charge of the Military portfolio as President and the Chief Commandant and the Senior Surgeon as members to meet quarterly or whenever necessary to go through the list of applicants, which will be maintained in the Secretariat, and decide after personal inspection whether they are fit to be entertained in the Military Department or not and if they are, to what units they are most suited. Separate lists of those selected by the Committee will be made for each unit and recommendation for nomination to the Commissioned ranks will generally be made from these candidates.

The Chief Commandant is requested to forward to Government as they are received, all applications for commissioned ranks made to him.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.
The Senior Surgeon in Mysore.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 12919-20—Mily. 168-14-33, dated the 30th March 1917, fixing the strength of the Imperial Service Transport Corps to be maintained in the Depot and the Field.

Government Order No. G. 8750-51—Mily. 86-17-9, dated the 23rd December 1917, authorising the Comptroller to admit the pay of as many drivers as may be enlisted.

Correspondence ending with letter No. 5748, dated the 22nd December 1917, from the Chief Commandant, Mysore State Troops, forwarding proposals for a further revision of the strength of the Transport Corps, to be maintained at the Depot and at the Field.

Letter No. 7726, dated the 21st February 1918, from the same officer requesting that the number of followers in the Field who are in excess of the scale proposed above, may be treated as supernumeraries till their absorption on the occurrence of vacancies in the Field.

Order No. G. 17614-15—Mily. 86-17-15, dated 24th June 1918.

In modification of the orders read above, Government are pleased to approve of the revision of the Corps as shown in the appendix to this order temporarily for the duration of the War. The extra cost, *viz.*, Rs. 2,211 per mensem on account of the revision will be met by re-adjustment of grants included in the budgets for the current year and the next year.

The request of the Chief Commandant contained in his letter No. 7726, dated the 21st February 1918, read above, is also sanctioned and he is requested to intimate to the Comptroller the number of men in excess of the sanctioned strength now at the front.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.

The Comptroller, Mysore Government, through Branch II.

Report of the Inspector of Explosives.

No. G. 16874-84—GEOL. 109-17-3, DATED 6TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report of the Inspector of Explosives for the year 1917, received with letter No. 2565, dated 18th April 1918 from the Officiating Director, Department of Geology.

Order No. G. 16874-84—Geol. 109-17-3, dated 6th June 1918.

Recorded.

2. The rules under the Mysore Explosives Regulation, II of 1888, were revised on the lines of the Government of India Explosives Rules of 1914, with necessary modifications suitable to local requirements.

3. A set of rules embodying all matters concerning the functions of the village police was drawn up during the year for incorporation in the Mysore Village Manual.

4. The total number of licenses granted during the year was 258 as against 281 in the previous year and it is reported that the high prices at which articles of firework composition have had to be imported, the risk involved in transmission owing to the war and the generally unremunerative character of the trade were the main causes for the decrease.

5. The percentage of explosives premises inspected by the Magistracy and the Police during the year was 48.59 as against 54.98 in the previous year, due attention not having been paid to these inspections in four of the districts. Kolar as usual stands last the percentage of inspections having been only 19.05.

6. Ten complaints of illegal or dishonest possession of explosives were dealt with and in nine of these cases convictions were secured.

7. There was an accident by the use of blast gun powder in the Tumkur District but there was no death, the only man that was injured having recovered after the amputation of his arm. In the Kolar Gold Field there was 13 accidents in connection with the extensive use of high explosives as against 19 in 1916.

8. The number of persons killed and injured during the year as a result of the handling of explosives was 8 and 15 as against 10 and 22 respectively in 1916, the largest number having been contributed by the Kolar Gold Fields. It is observed that almost all the accidents were the results of reckless attempts made by the coolies to drill through remnants of old holes. The Chief Inspector of Mines will, it is hoped, issue the necessary instructions to guard against these accidents in future.

9. With the exception of a single individual who has absconded, all the persons responsible for the occurrence of accidents were either prosecuted and convicted or dealt with departmentally, except where no further action was considered necessary, as in the case of those who had themselves suffered serious injuries.

10. It has again been urged by the Inspector of Explosives that unnecessary delay is caused in granting licenses by referring applications to the Police for enquiry and report, that licenses have been issued on wrong forms and that explosives premises in out of the way places are rarely inspected. The attention of the District Magistrates will be drawn to these defects.

11. Early action should be taken to issue a Kannada edition of the Explosives Rules.

No. G. 16874-84—GEOL. 109-17-3, DATED 6TH JUNE 1918.

12. Pending the introduction into Mysore of a Regulation similar to the Indian Petroleum Act, which is under consideration, wide publicity may be given to the precautionary measures recommended by the Inspector of Explosives in regard to the storing and handling of petrol.

13. Government are glad to note that the condition of the magazines was generally good and hope that the few minor defects that still exist will soon be rectified.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Officiating Director, Department of Geology.
The Inspector-General of Police in Mysore.
The District Magistrates of Districts.
The Chief Inspector of Mines in Mysore.

Representative Assembly.

No. G. 16600-52—G. M. 514-17-1, DATED 4TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 16600-52—G. M. 514-17-1, dated 4th June 1918.

At the Dasara Session of the Representative Assembly of 1917, representations were made to Government that long service by Members in the Assembly may be recognised in some suitable form. The Government of His Highness the Maharaja have since had this subject under consideration and have decided to recognise membership in the Assembly for not less than 20 years by the grant to such members of exemption, for life instead of during the tenure of membership only as in the case of all members of the Assembly, from the operation of the Arms Act.

2. His Highness the Maharaja has been pleased to direct that such members, unless for other reasons included in a higher class, be included in Class IV, in Part II of the Precedence List issued with Government Order No. 4663-5052—G. M. 180-16-13, dated 4th October 1917, and be entitled to a *Khasa Hara* at Durbars.

3. The names of members of the Assembly who so far have served on the

1. Mr. Lingegowda, Mysore Taluk.
2. „ Venkatakrishnaiah, Mysore.
3. „ C. Srinivasa Rao, Chikmagalur Taluk.
4. „ C. Vasudeva Rao, do
5. „ K. Ramanuja Iyengar, Gubbi Taluk
6. Lokasevaniratha Mr. Ambale Anniah Pandit, Mysore.

Assembly for 20 years or more and are entitled to the privileges granted by this order are noted in the margin. Similar lists will issue from time to time as need may arise.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Huzur Secretary to His Highness the Maharaja.

The Deputy Commissioners of Mysore, Kadur and Tumkur Districts, for communication to the Members concerned.

The Deputy Commissioners of other Districts.

The Heads of Departments.

**Price and supply of Food Stuffs and
other necessities of life.**

No. G. 17077-127--G. M. 644-17-12, DATED 8TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 17077-127—G. M. 644-17-12, dated 8th June 1918.

Government have had under consideration for some time past the question of taking action to regulate the supply and prices of food stuffs and other necessities of life in the State in view of the scarcity and abnormally high prices brought about by the present war and they consider it necessary to lay down the following instructions for the guidance of the officers concerned.

2. The primary responsibility for watching the state of the markets in the district, rests with the Deputy Commissioner and subordinate officers. Where the Deputy Commissioner thinks that local scarcity and high prices have made themselves felt with respect to any of the necessities of life, it will be his duty (1) to ascertain as far as possible the causes thereof and (2) to communicate the same to the Controller of Civil Supplies and Prices in Mysore furnishing him also with information regarding the markets from which the local merchants desire to obtain their supplies. The Controller of Civil Supplies and Prices will decide, having regard to Railway conditions, whether supplies may be arranged for from the sources indicated by the Deputy Commissioner or whether supplies should preferably be brought down from elsewhere and issue the necessary certificates of priority for the transport thereof over the railways concerned in preference to other traffic.

3. In cases where there is reason to believe that the shortage in the markets is caused by the holding up of stocks or that the high prices are due to the profiteering tendencies of the local merchants, it will be necessary for the Deputy Commissioners to call for returns of the stocks on hand or expected, together with information as to the prices paid, etc. The Deputy Commissioners of Districts will therefore be authorised to exercise the necessary powers in this behalf under the Defence of India Regulation, I of 1918, and the Rules framed thereunder.

4. Government desire to impress upon the Deputy Commissioners of Districts the urgent necessity for their making frequent enquiries regarding the state of stocks in their districts as compared with the normal stocks in previous years and for communicating from time to time the results of their enquiries to the Controller of Civil Supplies and Prices who will be responsible to keep himself informed of the state of stocks throughout the State generally.

5. To secure the co-operation of the local non-official gentlemen in these matters, the Deputy Commissioners may constitute District and Taluk Committees. The District Committees of the Economic Conference and Taluk and Town Progress Committees may also be made use of for this purpose as far as possible.

6. The Controller of Civil Supplies and Prices is requested to keep the Government informed of the general state of affairs and also report without delay cases requiring action by, or the orders of, Government.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Controller, Civil Supplies and Prices in Mysore.
The Heads of Departments.
The Deputy Commissioners of Districts.

**Increased production of different kinds
of foodstuffs, etc.**

No. G. 17806-56—G. M. 633-17-11, DATED CAMP MYSORE, 27TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 17806-56—G.M. 633-17-11, dated Camp Mysore 27th June 1918.

It is highly desirable that, as far as possible, the State of Mysore should be self-supporting in the matter of foodstuffs and that needless cross traffic on Indian and the State Railways should be avoided. To achieve this end the agriculturist in the State should be educated in the direction of making the best possible use of his land for the production of different kinds of foodstuffs and furnished with information in regard to facilities for procuring fertilizers, implements, etc., of all kinds required for the development of agriculture. Special steps should also be taken to bring under cultivation the extensive lands which are lying waste.

2. Government consider that the Agricultural Committee of the Economic Conference would be the appropriate agency to carry out these objects and they are consequently pleased to entrust the work to the said Committee.

The Agricultural Committee may appoint a Sub-Committee of its own to deal with these questions. The main functions of the Agricultural Committee in this respect will be to obtain necessary information and advise Government as to the measures best calculated to develop the production of foodstuffs, to encourage local consumption of local products and generally to inculcate economy of resources in allied directions.

3. The Agricultural Committee will be at liberty to correspond with the Central Transport and Foodstuffs Board, Delhi, and should collect and disseminate information useful to the cultivating classes. On points on which a modification of the existing law or the Standing Orders is necessary, it will submit its recommendations to Government and on other points it may place itself in communication with the Heads of Departments concerned.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretary, Agricultural Committee of the Economic Conference
The Secretary, Economic Conference.
The Director of Civil Supplies and Controller of Prices in Mysore.
The Director of Agriculture in Mysore.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Management of Travellers' Bungalows.

No. G. 17618-78—G. M. 198-14-60, DATED 24TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 3720-30—G. M. 198-14-1, dated 17th October 1914, entrusting to Mr. P. Raghavendra Rao, Excise Commissioner, the work of examining the weak points in the management of Travellers' Bungalows in the State, and calling for his proposals in the matter.

2. Letter No. 8463, dated the 29th April 1915, from Mr. P. Raghavendra Rao, Excise Commissioner, forwarding for the consideration of Government a Memorandum indicating the lines on which improvement may be effected.

3. Communications from the Deputy Commissioners of Districts and the Chief Engineer of Mysore regarding the several proposals contained in the Memorandum referred to above.

Order No. G. 17618-78—G. M. 198-14-60, dated 24th June 1918.

Having carefully considered the proposals, Government are of opinion that instead of laying down general rules in the matter it would be sufficient if the needs of each Travellers' Bungalow are adequately provided for after a due consideration of its importance and the extent to which it is made use of by the public.

2. After closely scrutinizing the needs of the various bungalows in all their bearings, Government direct that the Establishment that should be maintained in each of them be as shown in Appendix A and that the existing articles of furniture be supplemented and that in the case of some bungalows, improvements be also effected to the extent noted in the Appendix.

3. The result is that there will be a saving of Rs. 232 per mensem under establishment charges, while a sum of Rs. 47,706 or in round figures Rs. 50,000 would be required immediately for purchasing additional furniture and making necessary improvements. The Comptroller to Government is requested to provide the necessary funds in the next year's budget.

4. Government are constrained to observe that there has been a general lack of supervision on the part of local officials in regard to the up-keep and general management of Travellers' Bungalows throughout the State and now that a general overhauling has been ordered, it is necessary to insist that greater supervision is exercised over the staff employed and the equipment according to the standard now fixed, is maintained in a satisfactory condition. Government are pleased to direct that all 1st class bungalows should henceforth be under the control of the Deputy Commissioners, the 2nd and 3rd class bungalows under the Assistant Commissioners in charge of the Sub-Divisions concerned the Amildars being in direct charge of all the bungalows. The bungalows under the control of the several officers as noted above should be inspected by them once a year and a report on their condition submitted to Government through the Revenue Commissioner not later than 31st August of each year.

5. They are further pleased to lay down the following supplemental instructions:—

- (1) A Register of furniture should be maintained in every bungalow, additional furniture, etc., supplied from time to time being noted in the Register under the initials of the Kotwal or Senior Bungalow official.
- (2) Lists of articles in the several rooms should be prepared and posted up on a board in a conspicuous place in each room.

No. G. 17618-78—G. M. 198-14-60, DATED 24TH JUNE 1918.

- (3) Furniture to be hereafter supplied should be of a standard pattern.
- (4) All articles of furniture, etc., in the bungalow should be kept in a neat and tidy condition, repairs and renewals wherever necessary being promptly attended to.
- (5) The duties of each 'Travellers' Bungalow servant and the hours of attendance should be clearly prescribed and a Register of the same kept in the bungalow.
- (6) A register of inspection should be maintained in each bungalow.
- (7) Every bungalow should be inspected once a week by the Kotwal or the Senior Bungalow servant in charge and once a quarter by the Amildar, the results of such inspections being entered in the book maintained for the purpose. To facilitate the inspections the questions specified in Appendix B are prescribed.
- (8) The name of the authority to whom all complaints in respect of the management of the bungalows may be made, should be shown conspicuously on the notice board of the bungalow.
- (9) All petty repairs of 'Travellers' Bungalow buildings should be attended to promptly in the Revenue Department under the orders of the Deputy Commissioner and all special repairs should be executed by the Public Works Department on requisitions from the Deputy Commissioner. Adequate grants for these purposes should be provided in the Public Works Department for 1st and 2nd class 'Travellers' Bungalows and in the Local Fund Budgets for 3rd class 'Travellers' Bungalows.

6. The Revenue Commissioner is requested to issue circular orders on the above lines to all officers concerned and to see to the early introduction of the reforms indicated above including the replenishment of furniture, etc., repairs and renewals wherever necessary according to the scale now laid down. A brief report should be submitted to Government of the progress made after six months. An annual review with a statement may be submitted to Government to show the state of efficiency of 'Travellers' Bungalows in each district and the steps taken to keep them up to the standard required.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Presidents of District Boards and Municipalities.
The Comptroller, Mysore Government, through Branch II.
The Secretary to Government, Revenue Department.
The Chief Engineer of Mysore.

Upper Secondary Course of Study.

No. 11713-4—Edn. 224-17-6, DATED 1ST JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 8151-3—Edn. 164-16-5, dated 15th February 1918, sanctioning for a period of three years the award of 30 stipends for males at Rs. 10 per mensem and 12 stipends for females at Rs. 15 per mensem, tenable for two years, for studying in the Upper Secondary classes.

2. Letter No. 22355-777, dated 15th March 1918, from the Inspector-General of Education in Mysore, recommending that in consideration of the large number of Kannada schools in need of teachers who have passed the Upper Secondary Examination, 100 scholarships of Rs. 6 each per mensem may be instituted in the Kannada High Schools at Dodballapur, Firthahalli, Davangere, Nanjangud and Hole-Narsipur, in addition to the facilities created in the Government Order read above, to induce private pupils to undergo the Upper Secondary course of study.

3. Letter No. 25986-928, dated 2nd May 1918, from the same officer on the subject.

Order No. 11713-4—Edn. 224-17-6, dated 1st June 1918.

Sanctioned, for a period of three years, provision being made in the budget for 1918-19 for this expenditure.

P. G. D'SOUZA,
Secy. to Govt., Dpts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.

The Comptroller, Mysore Government, through Branch II.

Exd.—C. R.

No. 12060-1—Edn. 160-17-6, DATED 13TH JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 24123—849, dated the 8th April 1918, from the Inspector-General of Education in Mysore, stating that there is a wide demand among the people in the State for commercial knowledge both in English and Kannada due to the various commercial activities inaugurated by the Mysore Economic Conference, and requesting sanction to the opening of commercial classes in connection with the High Schools at Chitaldrug, Hassan, Chikmagalur, Kolar, Chikballapur and Channarayana in June 1918.

Order No. 12060-1—Edn. 160-17-6, dated 13th June 1918.

The Inspector-General has recommended the following scale of expenditure in connection with each of the classes proposed to be opened :—

Item	Cost	Average cost	
<i>Recurring—</i>	Rs.	Rs.	
One Commercial Teacher ...	75—10—125	108½	
One Instructor (Junior) ...	30	30	
One peon ...	8	8	
Contingencies ...	15	15	
Total ...		161½	per mensem or Rs. 1,936, per annum.

Non-Recurring.—

Type-writers, furniture, books, etc. 1,500.

2. Government consider that this is a most essential and useful form of education in the present condition of the people in the State, and are therefore pleased to sanction the proposals of the Inspector-General. Three classes may be opened in the year 1918-19, and the rest in 1919-20. The scale of expenditure proposed by the Inspector-General is also sanctioned; the amount required for the year 1918-19 being met by re-appropriation from the sanctioned grants of the Education Budget. The teachers to be employed should be qualified graduates in commerce.

3. The Inspector-General is requested to report in which of the schools the three classes are started in 1918-19.

4. The entire scheme will be brought into operation as trained local men become available to take charge of the classes. Steps should be taken at once to make necessary preparations including the training of the men required.

5. Provision should be made for the delivery of public lectures once a fortnight or at other convenient intervals on account keeping and the standard practices and rules to be observed in trade and business in connection with these classes.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.
The Comptroller to Government through Branch II.

Upper Secondary Training Classes.

No. 12140-1—Edn. 240-17-2, DATED 15TH JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 25853-923, dated the 26th April 1918, from the Inspector-General of Education in Mysore, proposing that with a view to increase the supply of trained teachers of which there is urgent need at present, Upper Secondary Training Classes may be opened in connection with the five Vernacular High Schools at Nanjangud, Davangere, Dodballapur, Hole-Narsipur and Tirthahalli, and Vernacular High School classes in connection with the six District Normal Schools at Bangalore, Kolar, Tumkur, Shimoga, Chitaldrug and Hassan, and requesting that the cost of the whole scheme which is estimated at Rs. 30,650 recurring and Rs. 11,000 non-recurring may be included in the budget of 1918-19.

Order No. 12140-1—Edn. 240-17-2, dated 15th June 1918.

The Inspector-General proposes the following recurring and non-recurring expenditure in connection with each of the schools proposed to be started:—

I—For opening Upper Secondary Training Classes in respect of one Vernacular High School.—

	Rs.
One Head Master (Rs. 75—10—125) ...	108½
One Assistant Master ...	10
One Drawing Master ...	30
One Drill Teacher ...	15
One Singing Master ...	15
One Clerk ...	13
Two Peons (8) and (7) ...	15
Scavenger ...	3
Contingency ...	10
Rent ...	20
Total ...	269½ per month or Rs. 3,232 per annum (recurring).

(X) If Rs. 20 be provided for a Clerk, the allowance of Rs. 7 now paid will be set free. Hence only Rs. 13 is shown.—

Equipment ...	Rs. 500	} Non-recurring.
Library ...	500	

II.— Vernacular High School Classes.—

Staff.—

					Rs.
One Assistant Master (Rs. 50—4—70) ...	...	...	...	...	63½
One do	...	...	...	...	50
Two Pandits (30) and (25) ...	...	...	...	...	55
One Attender	...	...	...	...	10
Contingency	...	...	...	...	3
Rent	...	...	...	...	20
Total ... 201½ per monsem or Rs. 2,416 per annum.					
Equipment	...	...	...	Rs. 500	} Non-recurring.

3. Government are pleased to approve generally of the recommendations of the Inspector-General of Education. The proposals will be brought into operation as trained local men become available to take charge of the classes. During the next official year 1918-19, the following instalment of the scheme may be brought

No. 12143-1 —EDN. 240-17-2, DATED 15TH JUNE 1918.

into effect, *viz.*, Upper Scondary Classes may be opened in the three District Normal Schools at Bangalore, Tumkur and Shimoga, and Upper Secondary Training Classes in the Kannada High Schools at Davangere and Hole-Narsipur. The scales of establishment and the library equipment charges proposed by the Inspector-General are also sanctioned, the amount required for the year 1918-19 being met by re-appropriation from the sanctioned grants of the Education budget.

READ—

Letter No. 2396—908, dated 23rd April 1918, from the Inspector-General of Education in Mysore, stating that out of 692 teachers in Hindustani Schools only 56 are Upper Secondary men, and recommending that with a view to improve the efficiency of the Hindustani Schools the number of stipends of Rs. 8 each per mensem for Hindustani teachers undergoing the Upper Secondary Course of studies in the Training College, Mysore, may be raised from 8 to 20 the extra cost of Rs. 1,152 during 1918-19 being provided for in the budget of that year and the extra cost of Rs. 2,304 being included in the succeeding budgets.

2. Correspondence ending with letter No. 27727—991, dated 18th May 1918, from the same officer on the subject.

Order No. 12346-7—Edn. 224-17-7, dated 24th June 1918.

The Inspector-General of Education has also stated that he has already ordered the selection of 20 teachers for the Upper Secondary Class of the Training College commencing work from June 1918. Government are pleased to approve of the action taken by the Inspector-General of Education.

The recommendation to raise the number of stipends from 8 to 20 is also sanctioned.

The Inspector-General of Education is requested to point out direct to the Comptroller the source from which the extra cost during 1918-19 may be met.

Exd.—C. R.

No. 11730-41—A. & E. 12-17-11, DATED 1ST JUNE 1918.

RULES FOR THE ENCOURAGEMENT OF STOCK BREEDING.

A grant of Rs. 125 to Rs. 150 a year will be made to an individual or a society for purchasing and maintaining at his or at its cost a good breeding bull, he-buffalo or a stallion, subject to the following conditions:—

1. The grant will be made by the Deputy Commissioner and President of the District Committee at the end of the official year on a report of inspection received from Superintendent, Civil Veterinary Department. It will be renewable every year for the same animal for a maximum period of four years. The grant will be withdrawn whenever the animal becomes disabled or a change of animal is considered essential.

2. The stallion, bull or he-buffalo should be housed properly and maintained in good condition.

3. A register of service by the animal showing the date, month and year should be maintained, the number of covering in the year not falling below 40.

4. The owner of an animal is authorised to levy for each service a fee to be fixed by the Deputy Commissioner, in the first instance when application is made for the grant of a subvention under the rules and subsequently when the subvention is awarded year after year, after due consideration of the quality of the breeding animal and the conditions of the locality.

The registers will be in the following printed form which will be supplied free from the Agricultural Committee to the districts for distribution.

In each district, a register of the awards of subventions made under the rules shall be maintained in the following forms and after each award, a certified copy of the entry relating thereto shall be delivered to the owner of the breeding animal.

1. Name of village, taluk and district.
2. Name of owner of the stallion, bull or buffalo.
3. Age, breed, pedigree and marks of identification of the animal.
4. The cost for which and the locality from which it was purchased.
5. The date from which it has been maintained.
6. The date and authority of award.
7. Date and authority of renewal.

1. Date, month and year.
2. Description of the animal covered including its age and the number of foals or calves she has had previously.
3. Fees collected.
4. Name of its owner and village.
5. The result of the covering.

All the breeding animals to which subventions have been granted in a district shall be inspected not less than once a year by an officer of the Civil Veterinary Department who shall within a week after inspection submit a report to the Deputy Commissioner in the subjoined form.

Report of Inspection.

1. Name of village, taluk and district.
 2. Name of owner of the breeding animal.
 3. Age, breed, pedigree and marks of identification.
 4. The cost for which and the locality from which it was purchased.
 5. The date from which it has been maintained.
 6. Date and authority of award.
 7. Date and authority of renewal.
 8. Condition of animal, stall and premises.
 9. Number of coverings since last inspection.
 10. Has the service register been properly maintained.
 11. Number of calves or foals due to this breeding animal inspected, with remarks, if any.

**Reorganization of the Co-operative
Department.**

No. 12180-6—I. & C. 66-17-53, DATED 18TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 6652-700—A. & I. 67-15-20, dated the 15th May 1916, laying down instructions in regard to the apportionment of work between the Registrar and the Assistant Registrar of Co-operative Societies.

2. Government Order No. 3809-16—A. & I. 67-15-31, dated the 25th November 1916, appointing the Assistant Registrar as Deputy Registrar of Co-operative Societies and instructing that Officer to fully investigate the requirements of the different parts of the State in regard to Co-operation and to systematically develop the work of the department.

3. Correspondence ending with letter No. 2715, dated the 9th November 1917, from the Registrar of Co-operative Societies, submitting proposals in the matter of delegation of powers to the Deputy Registrar.

4. Letter No. 3036, dated the 26th November 1917, from the same officer, recommending that an officer of the status of Assistant Commissioner may be placed on special duty under him for a period of two years for developing agricultural and industrial co-operation.

5. Correspondence ending with letter No. 3417, dated the 27th January 1918, from the Registrar submitting his views in regard to the reorganisation of the department.

6. Letter No. 81, dated the 26th January 1918, from the same Officer proposing to appoint Mr. L. Madhava Rao, B. Com, as a Probationary Inspector of Co-operative Societies on a pay of Rs. 80 per mensem.

Order No. 12180-6—I. & C. 66-17-53, dated 18th June 1918.

Having regard to the rapid progress of the Co-operative movement in the State, the desirability of extending its influence to other forms of co-operation besides credit and the need for providing for effective supervision to ensure the stability of co-operative institutions, Government have decided to reorganise the Co-operative Department and are pleased to sanction the following arrangements to meet its requirements in the above directions:

2. The controlling staff of the Department will be strengthened by the addition of one Assistant Registrar of the rank of an Assistant Commissioner immediately and another Assistant Registrar will be appointed when the development of industrial and agricultural co-operation has sufficiently advanced to require the services of a separate whole-time officer. Government attach much importance to the question of bringing agricultural and industrial enterprises under the influence of the co-operative movement and the Registrar is requested to give special attention to it with the help of his Personal Assistant for the present.

3. The whole State will be divided into two charges on the basis of the number of co-operative institutions, with head-quarters at Bangalore and Shimoga or other convenient centres and each Division placed under one of the subordinate gazetted officers of the Department, subject to the general control of the Registrar.

4. The inspectorate and the clerical and menial establishments of the Department will also be suitably revised, as indicated in the annexed statement, which shows the entire staff of the Department as now sanctioned. The revised scale should be given effect to as necessity arises and competent men become available.

5. The proposal to appoint Mr. L. Madhava Rao, B. Com, as a Probationer in the Co-operative Department on Rs. 80 per mensem in the revised scale is approved. He will be on probation for two years and confirmed as an Inspector on that pay at the end of the period if he gives satisfaction in his work.

No. 12180-6—I. & C. 66-17-53, DATED 18TH JUNE 1918.

6. The appointments of the Inspectors sanctioned for special work under the Agricultural Committee of the Economic Conference will cease from the 1st July 1918 and that of the Personal Assistant to the Registrar as soon as a separate additional officer is appointed for agricultural and industrial co-operation.

7. The Registrar is requested to submit detailed proposals for the distribution of duties, powers and jurisdiction between himself and his Assistants and for the co-ordination of work between the Co-operative and other Departments engaged in economic developments in the State. A statement showing the allocation of hands under the revised scale should be submitted for the approval of Government.

8. Government desire that the policy of lightening official responsibility in respect of co-operative institutions should be steadily kept in view and the strength of the staff of the Department reduced as these institutions become popular and attain sufficient stability to manage their own affairs without much State assistance or control.

Letter* No. 7807-648, dated 13th May 1918, from the Officiating Director of Industries and Commerce in Mysore, forwarding, with reference to para 2 of Government Order No. 10291-2—I. & C. 86-17-42, dated 15th April 1918, copy of a circular issued by him instructing his subordinates not to receive on behalf of Government any sums of money from private parties and stating that the said procedure is detrimental to the collection of instalments, and suggesting that while his subordinates may not receive earnest moneys or deposits they may be permitted to collect instalments during their tours.

*(Printed as accompaniment.)

Order No. 12258-9—I. & C. 278-17-2, dated 21st June 1918.

Recorded.

The procedure suggested in regard to the collection of instalments cannot be adopted, as it is open to serious financial objection. The parties concerned should be instructed to pay the dues either to the nearest Treasury or to remit the amounts by postal money order to the Director, Industries and Commerce.

ACCOMPANIMENT

Letter No. 7807-648, dated 13th May 1918, from the Officiating Director of Industries and Commerce in Mysore, to the Secretary to Government, Departments of Education and Agriculture.

With reference to para 2 of Government Order No. 10291-2—I. & C. 86-17-12, dated 15th April 1918, I have the honour to state that after careful consideration of the existing circumstances and the staff of the Department, I have already issued on the 6th February 1918 strict instructions to them not to receive on behalf of Government any sums of money from private parties and a copy of this office Memo is herewith submitted for perusal of Government.

After a careful consideration of the subject, I consider this procedure as detrimental to the collection of instalments due from private persons, of loans sanctioned to them, and I therefore think that the Superintendents and Assistant Superintendents of this Department may be permitted to collect the instalments during their tours. They need not be permitted however to collect earnest moneys or deposits for fresh installations going to be put up, in which cases the parties will only be advised to pay the money in the nearest Treasury, or Bank. I further consider that some security from the non-gazetted staff of the Department may be taken and that a sum of Rs. 1,000 appears adequate.

Enclosure to the above.

Office Memorandum dated 5--6th May 1918, from the Director of Industries and Commerce in Mysore to the Superintendents, Assistant Superintendents and Mechanics of his Department.

The Superintendents, Assistant Superintendents and Mechanics of this Department have hitherto, during their tours in the districts, been collecting money from the private parties either as earnest money for installing new installations or towards payment of instalments of Hire-Purchase or Takavi Loans. The Director is convinced after careful consideration that this procedure is objectionable, though it has, in some cases, resulted in prompt recovery of dues. The subordinates of this Department are therefore hereby warned not to receive any amount from private parties hereafter, but should only advise them to send the money to Director either by postal money orders, or remit the money to the nearest Treasury.

CONFIDENTIAL.

READ—

Government Order No. 1444-90—A. & I. 86-14 I, dated the 24th November 1914, sanctioning a scheme for the publication of a monthly Journal in English and Kannada called the Mysore Economic Journal.

2. Secretariat Office Memo No. 6021-9—A. & I. 57-15-24, dated the 18th April 1916, issuing certain instructions for improving the Mysore Economic Journal.

3. Government Order No. 11856-7—E. C. 23-17-22, dated 7th June 1918, stating among other matters that separate orders will issue regarding the Standing Committee's scheme for the improvement of the Journal as contained in the accompanying note.

Order No. 11858—E. C. 23-17-23, dated 7th June 1918.

Government generally approve of the scheme and are pleased to direct that the Journal be conducted on the lines laid down therein for a period of one year. The Secretary, Economic Conference, will be generally responsible for the administrative control of the Journal. He is requested to take necessary steps for the constitution of a Committee for the management of the Journal as recommended by the Standing Committee. A quarterly report on the working of the Scheme should be placed before the Standing Committee.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Mysore Economic Conference.

Edn.—C. B.

CONFIDENTIAL.

No. 11858—E. C. 23-17-23, DATED 7TH JUNE 1918

ACCOMPANIMENT.**NOTE ON THE IMPROVEMENT OF THE ENGLISH AND KANNADA EDITIONS OF THE
MYSORE ECONOMIC JOURNAL.**

The following suggestions are made for consideration in connection with the improvement of the English and Kannada Editions.

Both the Journals should give more prominence to articles of sustained and practical interest regarding questions of local economic importance and attempts should be made to arouse popular interest in such matters

In future the English Journal might consist of 68 pages of matter made up as follows:—

Editorial	4 pages
2 articles in each of the sections to be headed Education, Agriculture, Industries and Commerce, and General Economics	40 pages
Extracts and gleanings from leading American and English Journals	16 pages
Conference news, reviews of books, queries and answers, etc. ...	8 pages
Total	68 pages

Of the two articles in each of the different sections mentioned above, one should have special reference to conditions in Mysore, while the other may relate to conditions prevailing outside Mysore or may be of general interest. Some of these articles bearing on Industrial, Agricultural and Educational questions should be published in series and reprinted if they are found to be sufficiently useful.

As regards the Kannada Journal also the leaders and leaderettes and contributed articles should be classified under the four broad heads of Education, Agriculture, Industries and Commerce. A list should be prepared on which there should be, at any time, 50 subjects having reference to the activities of the Economic Conference from which the Assistant and Sub-Editors should select subjects for writing articles to the Journal.

The responsibility in the matter of editing the two Journals should be more definitely fixed. While the Editor should be directly responsible for both the Journals and control their policy, a fair amount of discretion should be allowed to the Assistant Editor in conducting the Kannada Journal to the best advantage. The division of work which has been prescribed by the Editor in this connection printed as enclosure should be given effect to in a more systematic manner in future.

To guide the editor in developing the work of the Journal, control its policy, and generally advise him in the conduct of the Journal the Advisory Committee already formed may be reconstituted so as to consist of officials and a larger number of non-officials selected from among the members of the Standing Committee. The Committee may meet once every month. The Editor may arrange to place the following matters before the Committee at such meetings for their information and consideration and, where necessary, for approval:—

(1) All items of expenditure incurred by the Editor during the month except recurring expenditure relating to duly sanctioned establishment and other similar charges.

(2) All contracts proposed to be entered into by the Editor regarding printing, purchase of papers and other materials. In emergent cases the Editor may enter into such contracts himself with the approval of the departmental authority to whom he is otherwise subordinate in such matters.

(3) Any other subjects relating to the improvement, increasing the circulation, etc., of the Economic Journal which the Editor himself may wish to place before the meeting or which any member or members desire to be brought forward for consideration at such meetings.

The proceedings of the meetings should be promptly submitted to the Secretary, Economic Conference, with such explanatory remarks as the Editor might wish to make on any of the subjects dealt with therein.

Local audit of accounts by the Comptroller's Office should be arranged for and also periodical audit once every half year.

No. 11858—E. C. 23-17-23, DATED 7TH JUNE 1918.

All the departments connected with the Economic Conference should make use of the Journal in a systematic manner to place before the public the results of the important investigations arrived at by them and to serve as a medium of instruction to the people in economic matters.

ENCLOSURE TO THE ABOVE.

Distribution of work relating to the Kannada Journal among the Editor and his Assistants.

The Assistant Editor and Sub-Editor of the Weekly Journal shall between themselves read all the manuscripts articles, letters to Editors, etc., sent to them by the Editor and submit their views on them. They should clearly state whether the manuscript is fit for publication in the Journal or not; if it is considered fit, it should be edited with care in ink and duly prepared for the Press. Manuscripts which *prima facie* would not suit the Journal should be returned promptly.

All articles received for the Journal should be entered in a register of manuscripts received by the examiner daily and returned to the Editor. He shall duly enter in it the method of their disposal from time to time.

The Assistant Editor and Sub-Editor shall write the Leader and the leaderettes well in advance of time and keep at least leaders and leaderettes for four weeks in stock for use. Such stocks articles should be written up on approved subjects in the approved manner.

The Assistant Editor shall ordinarily edit half the open column articles and the letters to the Editor and prepare them for the Press and hand them in to the Editor without delay for his approval.

The Sub-Editor shall prepare for the Press the rest of the open column articles, the miscellaneous letters received, if any, including reports of conferences, meetings, exhibitions, etc. He shall hand them in edited to the Assistant Editor, who shall look through them and pass them on to the Editor for his approval.

The Sub-Editor shall, besides, be responsible for collecting such extracts from the other Kannada Papers received as may be thought desirable to reprint in the Journal and submit them to the Assistant Editor who shall be responsible for the final selection from them and submission to the Editor for his approval.

The Examiner shall read the papers and write up short paragraphs for the news and notes column. He should submit them to the Assistant Editor who shall look through them and submit the same in his turn to the Editor for his approval.

The Assistant Editor, the Sub-Editor and the Examiner shall translate for the Journal such English extracts as may be given them from time to time and submit them to the Editor, the Sub-Editor and the Examiner through the Assistant Editor for his approval. Translation into Kannada should ordinarily be done in a simple, homely style, easily understood by the masses.

READ—

Government Order No. G. 1958-67—G. M. 55-121—237, dated 29th August 1913, sanctioning the appointments of certain official and non-official gentlemen as secretaries to District Committees of the Economic Conference and the grant of carriage allowances to them.

2. Government Order No. 1751-61—G. M. 152-14-1, dated 18th August 1914, stating among other matters that there should be one secretary for each District Committee, official or non-official, as the Deputy Commissioner and President of the District Committee concerned may determine.

Order No. 11907-19—E. C. 7-17-12, dated 8th June 1918.

Government consider that the object of providing for the appointment of separate Secretaries to District Committees being to afford an opportunity to as many officers and non-officials of enthusiasm to assist in directing the work of District Committees, the appointment should be renewed each year when the District Committee is re-constituted. The ordinary term of duration of the appointment of Secretaries to District Committees will be limited to one year, persons who have done specially good work being re-eligible for appointment. The Presidents of District Committees will be responsible to take steps in time for the selection of the Secretaries to District Committees.

Srinivasa Mandiram Charities, Bangalore City.

No. 3416-21—Muz. 153-16-6, DATED 11TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 707-12—Muz. 153-16-2, dated 14th September 1916, noting with regret the death of Janopakari Mr. Gopalachari of the Srinivasa Mandiram and Charities, Bangalore City, and requesting the Muzrai Superintendent in Mysore to submit a scheme of management for the institution in consultation with the Honorary President, Bangalore City Municipality, Inspector-General of Education and Deputy Commissioner, Bangalore District.

2. Draft scheme of management with a brief note on the development and present condition of the institution submitted by the Muzrai Superintendent.

Order No. 3416-21—Muz. 153-16-6, dated 11th June 1918.

The Srinivasa Mandiram otherwise known as Sri Byatarayaswamy temple was many years ago an insignificant temple in a neglected condition and it was almost entirely due to the labours of the late Mr. Gopalachari that the institution was greatly improved and popularised and a large measure of public and Government support obtained. An Orphanage and a Free Reading Room and Library were in course of time added on with a Ladies' Section as an auxiliary of the Reading Room. To meet the growing needs of the institution, the original tasdik allowed to the temple was considerably increased and special and recurring grants were made from public funds to help its other activities.

2. Government have been considering for some time past that it would be well in the interests of the institution to place its management on a business footing and accordingly called upon the Muzrai Superintendent to submit a scheme of management in consultation with the Manager and certain other officers of Government having a direct interest in the management of the institution.

3. The scheme now submitted by the Muzrai Superintendent and embodied in the set of rules hereto appended is mainly on the lines suggested by these officers and accepted with slight alterations by Mrs. A. Gopalachari. The scheme and the rules appear to the Government as suitable and are accordingly approved.

4. Out of the nine members constituting the Committee, Mrs. A. Gopalachari has submitted the names of the marginally noted four gentlemen who with herself will fill five of the places. The Government are pleased to approve the nomination made and to request that the Honorary President, Bangalore City Municipality, and the Deputy Commissioner, Bangalore District, will each select, as required under Rule 5, two gentlemen to serve on the committee and intimate their names both to Government and to the Manager of the Institution.

5. After the committee is fully formed, they will proceed to select one of themselves as convener to preside at the meetings and correspond with the various officers of Government. The name of this gentleman should also be communicated for information to the various officers concerned.

No. 3416-21 -Muz. 153-16-6, DATED 11TH JUNE 1918.

RULES FOR THE MANAGEMENT OF THE SRI SRINIVASA MANDIRAM
AND CHARITIES, BANGALORE.

1. *General*.—The Sri Srinivasa Mandiram and Charities shall comprise:—

- (a) the temple of Byatarayaswami,
- (b) the Orphanage, and
- (c) the Library and Reading Room including the Ladies' Section.

2. These institutions shall be worked together as a single unit but separate accounts of income and expenditure shall be maintained and no transfers of funds from one institution to another shall be made without the sanction of Government.

3. The income of these institutions consists of fixed grants from Government and

	Rs.	a.	p.
1. Temple—			
(a) Government Cash Grant ...	197	7	0
(b) Palace Grant...	120	0	0
(c) Occasional collections ...	...		
2. Orphanage—			
(a) Government Grant ...	1,200	0	0
(b) Educational Grant ...	240	0	0
(c) Income from Mirle lands ...	235	0	0
(d) Occasional collections ...	...		
3. Library and Reading Room—			
(a) Educational Grant ...	420	0	0
(b) Municipal Grant ...	300	0	0

public bodies as shown in the margin and donations and subscriptions from private persons. As regards the former, the grants shall be utilized for the purpose to which they are intended which shall also be the case where private donations and subscriptions are earmarked for a specific purpose. Where the purpose is not indicated, the amount shall be used in equal shares for the temple and the Orphanage.

4. The net income from the lands in the Yedatore Taluk shall be solely used for the Orphanage.

5. The management of the Mandiram and Charities shall vest in a Committee consisting of nine members who shall, subject to the final approval of Government, be nominated by the Honorary President, Bangalore City Municipality, and the Deputy Commissioner of Bangalore, who shall select two members each, and by Mrs. Gopalachariu who shall nominate the remaining five members. One of these may be Mrs. Gopalachariu herself if she has no objection to serve on the Committee. The Committee shall choose one of themselves as convener, who shall preside at the meetings and correspond with the various officers of Government.

6. The members shall hold office for a period of five years unless removed within such period for reasons hereinafter mentioned.

7. Any member failing to attend more than three consecutive meetings or being absent from the station for more than three months will be liable to be removed from office.

8. The Government may for any sufficient reason either on its own motion or on the recommendation of the Committee order the removal of any member from the Committee.

9. Whenever a member vacates his office or is removed therefrom before the expiry of the term of five years, the vacancy may be filled up by the appointment of another person, such person holding office only for the unexpired portion of such term.

10. The Committee shall meet once a month or oftener, if necessary, to check the accounts and transact other items of business connected with the institutions above mentioned. A record of the proceedings shall be regularly kept and copies of the same shall be submitted by the convener to the Deputy Commissioner and the Muzrai Superintendent.

11. Soon after the close of the year a brief report on the administration of the institution shall be submitted to Government through the Deputy Commissioner.

12. Subject to the control and direction of the Committee, the affairs of the institution shall be managed by a resident manager assisted by such staff as may be deemed to be necessary by the Committee. For the time being the Manager shall be Mrs. A. Gopalachariu, who will hold office during the pleasure of Government.

13. The Committee shall decide what accounts and registers should be maintained by the Manager and such accounts and registers shall always be accessible for the inspection of the Government officers of the Educational and Muzrai Departments and Members of the Committee.

14. *Temple*.—As regards the temple affairs the Committee shall exercise all the powers of a Board of Dharmadarsis appointed under Section 15 of the Muzrai Regulation and their rights and duties shall be as set forth in the B set of rules published under the Section.

15. The distinctive tradition and ritual of the temple shall be observed and in case of doubt or difficulty the direction of the District Muzrai Officers shall be obtained.

No. 3416-21—MUZ. 153-16-6, DATED 11TH JUNE 1918.

16. A scale of income and expenditure shall be drawn up and after approval by the Deputy Commissioner it shall be adhered to.

17. *Orphanage.*—The Orphanage shall be for the benefit of Hindu orphans of and below 16 years of age.

18. The number of orphans to be maintained shall be fixed by the Committee from time to time according to the estimated income of the institution.

19. Destitution and absence of natural guardians shall be necessary conditions for admission and the selection of the orphans shall be under the strict control of the Committee, who shall have also power to dismiss any inmate found to be idle or refractory or not making satisfactory progress in his studies or vocational training.

20. To help in the management of the orphanage the services of a companion instructor may be engaged who will attend to the discipline and coaching of the orphans and who will be responsible for their conduct and character.

21. *Library and Reading Room.*—The Committee shall have the power to appoint the Librarian and fix his salary but so long as Mrs. Gopalachari continues to be the Manager she will be consulted in the appointment.

22. The Committee shall have the right to decide on the papers and magazines which are to be subscribed and on the books to be bought for the Library and also to notify the hours during which the Reading Room shall be kept open.

23. The admission shall be free and unrestricted to the public but the Committee may keep out any person or class of persons for a sufficient cause.

24. The Committee may also set apart special hours once a week, or oftener for women to attend the Reading Room and during this time, to keep out members of the other sex.

25. In addition, the Committee may appoint a Pouranik whose duties will be to hold periodical religious classes or give expositions on religious and moral topics both to the orphans and to the public.

26. The accounts and registers of the Reading Room and Library shall always be open to inspection to the officers and members of the Municipal Commission.

27. The existing Women's Organization known as "The Ladies' Section" will continue to work as a side activity of the Reading Room on its present basis and on such lines as may be approved by the Committee of management. But separate accounts of its income and expenditure should be maintained.

Sri Puttige Matt at Tirthahalli.

No. 3431—Muz. 789-OS-4, DATED 12TH JUNE 1918.

BEFORE THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.*Appeal No. 11 of 1917-18.*

APPELLANT

Sri Puttige Matt at Tirthahalli through its Agent.

Subject.

Appeal against Order No. 45, dated 27th July 1904, of the Deputy Commissioner, Shimoga District, directing the assumption of the management of Sri Venkataramanaswami temple at Kelakere village in the Tirthahalli Taluk.

Decision.

The case was heard on 16th April 1918, the Agent of the Matt being present in person and represented through his Advocate.

Whatever justification there was in 1904 for Government to interfere and assume direct management of the institution, there does not seem to exist any necessity to continue this arrangement any longer. The resources of the institution have somewhat improved during the period of Government management. And the Matt authorities have now become fully alive to their responsibility in maintaining the institution in good condition. The "Vahivat" of the temple in question was intended to be left in the hands of the Matt according to the Inam Settlement. There seems to be no good reason to keep the Matt out of the management of the institution and the lands attached thereto, any longer. The Agent of the Matt should be called upon to execute a muchalika that he will manage the institution satisfactorily in future failing which, Government may step in again, assume the management of the temple and resume the Inam lands. The management of the temple and the lands attached thereto should be restored to the Matt.

By Order,
G. ARAVAMUDIENGAR,
Joint-Secy., Muz. Dept.

Archakship of Sri Pattabhi Rama
Devaru Temple at Paschimavahini
and Ammanavara-Sannidhi Paricha-
rike of Sri Lakshminarasimha Swa-
mi Temple at Seringapatam.

No. 3506—Muz. 416-15-4, DATED 18TH JUNE 1918.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE
MAHARAJA OF MYSORE.

Appal No. 12 of 1917-18.

APPELLANT.

M. A. Ramannjiengar, son of Anna Sanni Tirunaranjiengar.

Subject.

Appeal against Deputy Commissioner's Orders Nos. 924 and 925, dated 3rd April 1915 *re* Archakship of Sri Pattabhirama Devaru temple at Paschimavahini, and the Ammanavara Sannidhi Paricharika of Sri Lakshminarasimha Swami temple at Seringapatam.

Decision.

The case was heard on 16th April 1918, the appellant being present in person.

The appellant is admittedly the "Hakdar" to the two appointments in question the "baraward" standing in the name of his father. It seems scarcely fair or equitable to deprive him of his "hak" on the ground that he is not able to perform the duties appertaining to these offices himself, while allowing substitutes in a great many other cases. It is time rules were made as to what appointments proper substitutes may be allowed for and what not. It is no doubt true that the system of allowing substitutes has been abused in a few cases. But so long as the emoluments attached to most of these posts in the temples are what they are, it cannot be expected that the "barawarddar" will give up a more lucrative appointment elsewhere for the one in the temple, while he is at the same time anxious not to lose his hereditary office for ever. So long as the gumasta performs his duties satisfactorily, there is no good reason to insist upon the "barawarddar" himself attending to the services in question. For these reasons, the order of the Deputy Commissioner is set aside.

By Order.

**Revanna alias Niranjanadevaru as
"Murti" of Makkaladevara
Matt.**

No. 3619—Muz. 767-09-2, DATED 25TH JUNE 1918.

**BEFORE THE GOVERNMENT OF HIS HIGHNESS THE
MAHARAJA OF MYSORE.**

Case No. 2 of 1917-18.

Petitioners.

Counter-Petitioner.

vs.

1. Agent of Murgi Matt.
2. Yajaman Honna Setty of
Honnudike, Tumkur
Taluk.

Revanna alias Niranjanaswami.

Subject.

Petitions from (1) the Agent of Murgi Matt and (2) the 2nd petitioner and other disciples of the Makkala Devara Matt objecting to the appointment of Revanna (respondent) as Guru of the Makkaladevara Matt, Kananur, Magadi Taluk.

Decision.

The case came up for final hearing on 16th April 1918. Advocates for the petitioners Messrs. M. Krishnamurti and M. Ramachandra Rao prayed for an adjournment, as they expected the parties to come to a compromise. Mr. M. Basaviah, Advocate for the counter-petitioner had no objection and the case was adjourned.

On 17th April 1918, Mr. M. Krishnamurti, Advocate for the Murgi Matt, and the parties appeared before Government with a "Razinama" under which the Swami late of the Murgi Matt requests that the respondent may be accepted as the "Murti" of Makkaladevaru Matt and the Matt properties be restored to the possession of the latter.

The facts of the case are as follows: Santeviraswami of Makkaladevara Matt died on 14th May 1907, without having nominated a successor. Three days later, a sabha, presided over by the "Ayya" of the Kenchigal bande Matt (a neighbouring institution), was held, at which the Counter-petitioner was chosen as successor and given "Asrama." To the recognition of this succession the first petitioner took objection saying that the Makkaladevara Matt was subject to the control of the Murgi Matt and that in the present instance the Murgi Matt had not been consulted. Petitions of similar nature were also received from some of the alleged disciples of the Makkaladevara Matt, chief among whom is the second petitioner. Pending the settlement of the matter, the properties of the Matt were attached.

According to the compromise now arrived at, the counter-petitioner is recognised by the Swamigalu of the Murgi Matt as successor to the late Swami of the Makkaladevara Matt in consideration of his having apologised and his agreeing to seek the consent of the Swamigalu of the Murgi Matt in the matter of the future succession to the Makkaladevara Matt.

The razinama in the case submitted by the parties is accepted and the succession of Revanna alias Niranjanadevaru as the "Murti" of Makkaladevara Matt is approved. The Deputy Commissioner, Bangalore District, is requested to withdraw the attachment and hand over the properties to the Swami Niranjanadevaru.

MEMO No. 3619—Muz. 767-09-2, DATED 25TH JUNE 1918.

Copy of the above is forwarded with compliments to the Deputy Commissioner, Bangalore District, with the vernacular records received with his letter No. 35, dated 13th January 1910.

Rule 40 of the Essential Rules for all Secretariats.

2. Government Orders Nos. 96—E. A. G., dated the 20th July 1916 and 660—E. A. G. 64-16, dated the 30th November 1917, issuing inspection rules for the Railway and Public Works Secretariats, respectively.

3. Office Circular No. G. 6827—G. M. 373-17-1, dated the 22nd November 1917, issuing instructions for the periodical inspection of the Branches and Sections of the General and Revenue Secretariat.

Order No. 2422-8—E. A. G. 258-17, dated 1st June 1918.

In order to ensure uniformity of inspection of the several Secretariats, the following instructions are issued in pursuance of Rule 40 of the Manual of Secretariat Essentials, in lieu of the instructions contained in the Government Orders read above.

1. Each clerk should inspect his papers once a week and enter a certificate in his diary as to the number of cases disposed of during the week and the arrears on hand.

(Rule 40 of the Essential Rules for all Secretariats.)

2. Each Superintendent or ministerial head of the Branch should inspect the Branch registers and the Personal Registers of clerks once a month and initial and date the same in token of his inspection together with any remarks that may be called for. He should keep a memorandum note book for entering all important and urgent cases of his branch requiring special attention and all points requiring to be remembered for action on a future date.

3. Each subordinate Secretariat officer should inspect the branches or sections under his control once a month with the assistance of the Superintendent or corresponding official and submit his inspection report to the Secretary concerned in the form given in Appendix A.

4. Each Secretary to Government should inspect the work of his office once a quarter in the months of February, May, August and November with the help of the officers in immediate charge of the branches or sections and submit his inspection report to the Dewan through the Efficiency Audit Branch in the form given in Appendix A.

5. The responsibility of the Superintendent and the case-workers for any defects noticed at the time of inspection should be brought out in the inspection reports of the Secretariat officers.

6. The Secretariats will also be inspected by the officers of the Efficiency Audit Branch when required to do so by the Secretaries concerned.

7. The monthly inspection reports of the subordinate Secretariat officers together with the orders of the Secretaries concerned and the monthly arrear lists should be sent to the Efficiency Audit Branch for note and return, before the 15th of each month. The reports of the several Secretariats will be consolidated under the more important heads and submitted to the Dewan. If the inspection reports are not received by the due date, the Efficiency Audit Branch will be responsible for bringing the delay to the notice of Government for such action as may be necessary.

No. 2422-S—E. A. G. 258-17, DATED 1ST JUNE 1918.

8. Each branch or other distinct unit of the office should maintain an inspection minute book in the form given in Appendix B in which should be entered all orders given as the result of inspections, which require specific action on the part of the office. The steps taken to comply with each order should be noted by the Superintendent and when it has been fully carried out, the entry should be scored out under the dated initials of the officer in immediate charge.

9. When any important instructions are issued as the result of inspection, the same should be submitted to the Dewan.

10. These inspections should be the basis of all efficiency and therefore punctiliously carried out.

APPENDIX.

RULES FOR THE RECEIPT AND DISPOSAL OF PETITIONS.

1. Nothing contained in these rules will affect the procedure, if any, prescribed by law or by competent authority for any special classes of petitions.
2. Every petition must be written on the three-pie petition paper prescribed for the purpose or at any rate on durable stout paper of that size, leaving a quarter margin blank on the left hand side. The court-fee stamp, if any, should not be affixed on the left hand quarter margin.
3. Every petition must be complete in itself and refer to a single subject. It should contain all material facts and arguments relied on by the petitioner. All documents in the possession of the party necessary for its disposal or copies thereof should accompany the petition. Appeal petitions should be accompanied by authenticated copies of the orders appealed or endorsements issued to the party.
4. Every petition must be legibly written and as concisely as the nature of the case admits of. It should not be unnecessarily prolix, or couched in unintelligible, exaggerated or disrespectful terms.
5. No petition will be entertained unless it is stamped in accordance with the provisions of the stamp law. A summary of the chief provisions governing the levy of stamp duty on petitions is appended.
6. Petitions not addressed to the lowest authority competent to grant the relief prayed for will, as a rule, be returned to the petitioner with an endorsement specifying the officer to whom the petition should be presented.
7. Petitions addressed to higher authority should always be forwarded by the officer receiving them.
8. Petitions from persons in the service of Government relating to any matter affecting their official position should be forwarded only through their official superiors.
9. When a petition is not drawn up or presented in conformity to the preceding rules, it will be returned with an endorsement specifically pointing out which of the rules have been infringed.

No. 2542-9—E. A. G. 209, DATED 12TH JUNE 1918.

10. Petitions may be presented in person or posted to the address of the officer or placed in a box provided for the purpose in each office. Petitions by telegraph will not generally be attended to.

11. If the party desires an acknowledgment of the receipt of his petition, he may ask for the same and affix an additional court fee stamp of one anna. The officer to whom the petition is presented or some authorised agent of his office will thereupon acknowledge the receipt of the petition.

12. In respect of every petition conforming to these rules and presented in person or sent by post, a full endorsement in writing should be given embodying the final orders.

13. When there is likely to be delay in passing orders on a petition the applicant should at once be informed verbally or by post of the probable time within which orders will be passed. He must on no account be kept waiting at the office for orders.

14. Petitions should not be referred to subordinate officers for report unless there is real necessity; and when a report is required, the points on which information is wanted should, as far as possible, be clearly indicated and a time fixed for the return of the petition with the report.

15. Petitions should be disposed of as promptly as possible; touring officers should take advantage of their tours to dispose *in situ* of all pending petitions relating to places in the vicinity of their camps.

16. Every petitioner should be informed of the final order on his petition direct from the office to which the petition was presented and not referred to any subordinate office for an answer to his petition.

17. Petitions once disposed of on their merits after enquiry by proper authority cannot be re-entertained and are liable to summary rejection.

18. Petitions for review of orders once passed should be rejected unless they contain any new or any additional information having a material bearing on the case, which justifies a re-consideration.

19. Petitions should be received daily at a fixed hour during office hours by the officer himself and not by the clerks. He should keep to that hour as far as the exigencies of business will permit. Executive officers should set apart a certain time while at headquarters for calling petitioners, if any.

20. A notice informing the public of the hours between which petitions should be presented should be affixed to a notice board outside the office.

21. When a petition is sent for explanation or report to a subordinate officer, a reply should be despatched within ten days after its receipt, if the required information can be obtained from the records. But if it is necessary to investigate the matters referred to in the petition by the examination of individuals or by reference to subordinate officers at a distance, the report should be sent as early as practicable within a month. If a longer time is absolutely necessary, an *ad interim* report should be submitted and further time obtained.

22. In all offices where the average number of petitions received in a year exceeds fifty, a separate register should be maintained for entering petitions. But copy applications, dakhasts and other kinds of petitions for which special registers are maintained need not be entered in the petition register also. In the case of offices in which the disposal number system has been introduced, the current register for petitions prescribed thereunder should be maintained.

23. Below the entry of each petition sufficient space should be left for entering reminder petitions, if any, should be received.

24. The register should be in the form given below.—

Serial number	Date of receipt	Petitioner's name and place of residence	Purport of petition	Value of Court fee stamps attached and enclosures	Notes of action taken	Date and order of disposal in brief
1	2	3	4	5	6	7

NOTE.—In column 6 should be entered briefly every step in the progress of the case, including references, if any, made upon the petition to other officers and the replies received thereto.

No. 2542-91—E. A. G. 209, DATED 12TH JUNE 1918.

25. An Alphabetical Index of places and persons should be attached to the register and written up from time to time.

SOME PROVISIONS GOVERNING THE LEVY OF STAMP DUTY ON PETITIONS.

Nature of Petition.

Application or Petition.

Proper fee

(a) When presented to any officer of the Customs or Excise Department or to any Magistrate by any person having dealings with the Government, and when the subject-matter of such application relates exclusively to those dealings;

or when presented to any officer of Land Revenue by any person holding temporarily-settled land under direct engagement with Government, and when the subject-matter of the application or petition relates exclusively to such engagement;

or when presented to any Municipal Commissioner under any law for the time being in force for the conservancy or improvement of any place, if the application or petition relates solely to such conservancy or improvement;

or when presented to a Deputy Commissioner or other officer of revenue in relation to any suit or case in which the amount or value of the subject-matter is less than Rs. 50;

or when presented to any Board or executive officer for the purpose of obtaining a copy or translation of any judgment, decree or order passed by such Board or officer, or of any other document on record in such office;

(b) When containing a complaint or charge of any offence other than an offence for which police officers may under the Criminal Procedure Code arrest without warrant, and presented to any criminal court;

or when presented to a Civil, Criminal or Revenue Court, or to a Deputy Commissioner, or any Revenue officer having jurisdiction equal or subordinate to a Deputy Commissioner or to any Magistrate in his executive capacity, and not otherwise provided for by this Regulation;

(c) When presented to the Chief Controlling Revenue or Executive Authority.

Appeals to Government.

One anna

Eight annas

One rupee

Two rupees

The following documents are not chargeable with any fee:—

(1) Application or petition to the Deputy Commissioner or other officer making a settlement of land-revenue, or to the Government, relating to matters connected with the assessment of land or the ascertainment of rights thereto or interests therein, if presented previous to the final confirmation of such settlement.

(2) Application relating to a supply for irrigation of water belonging to Government.

(3) Application for leave to extend cultivation, or to relinquish land, when presented to an officer of land revenue by a person holding, under direct engagement with Government, land of which the revenue is settled, but not permanently.

(4) Application for service of notice of relinquishment of land or of enhancement of rent.

(5) Written authority to an agent to distrain.

(6) Petition, application, charge or information respecting any offence, when presented, made or laid to or before a Police-officer or to or before the Heads of the Village Police.

(7) Complaint of a public servant (as defined in the Indian Penal Code), as municipal officer, or an officer or servant of a Railway Company.

(8) Application for permission to cut timber in Government forests, or otherwise relating to such forests.

(9) Application for payment of money due by Government to the applicant.

(10) Petition of appeal against any municipal tax.

(11) Applications for compensation under any law for the time being in force relating to the acquisition of property for public purposes.

(12) Petitions under the Indian Christian Marriage Act, 1872, Sections 45 and 48.

Confidential Papers and State Documents.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
 GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 8th June 1918.

Official Memorandum.

The following rules regarding the registration and filing of all confidential files will be followed in the General and Revenue Secretariat:—

(1) Confidential papers will be divided into two classes, namely, ordinary confidential papers and strictly confidential papers.

(2) The classification will be made by the Registrar or other officer receiving the papers.

(3) Ordinary confidential papers will be dealt with according to Rule 297 of the Secretariat Manual in the Branches concerned.

(4) Strictly confidential papers will be dealt with in the Confidential Branch.

(5) The Confidential Branch will maintain a complete set of registers for all confidential papers dealt with therein.

(6) Strictly confidential papers will also be entered in the file registers of the respective branches from slips furnished by the Superintendent of the Confidential Branch. The entries should be very general, sufficient merely to admit of the files being identified.

(7) Orders issued in strictly confidential cases should be printed in a supplementary volume of Government Proceedings, to be prepared once a quarter.

(8) A consolidated index of all confidential files should be maintained by the Superintendent, Confidential Branch.

(9) At the end of each calendar year, the Under Secretary of the Confidential Branch will examine the disposed of papers of the branch and record a certificate that the files are all in order.

(10) In the case of files which have ceased to be confidential, he will submit proposals for their transference to the General Records and obtain the Chief Secretary's orders.

(11) A register of all confidential books and publications will be maintained in the Confidential Branch.

The Superintendent of the Confidential Branch will obtain certificates of possession from the officers to whom copies of these publications are distributed and he will take fresh certificates from all incoming officers, whenever there is a change in the personnel of the offices.

(12) A register of files and books given out for reference from the Confidential Branch will be maintained and requisitions for their return will be sent once a month to the persons concerned. Dummy slips in usual form should be kept in place of papers given out for reference.

(13) Procedure similar to that prescribed in Rules 5 to 12 above will be followed in the Dewan's Office for all confidential papers received and retained in that office.

(14) Important State documents, such as, the Treaty, Agreements with other Governments, etc., and secret papers which ought not to be seen by any one except the Chief Secretary and Members of Government, will be kept in a safe under the personal custody of the Chief Secretary. A register should be prepared of these documents and the Chief Secretary should inspect it once a year and record a certificate of having done so and on the condition of the documents.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretaries to Government in the General and Revenue Departments.

No. 2686-2739—E. A. G. 237, DATED 26TH JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 2686-2739—E. A. G. 237, dated 26th June 1918.

In order to better ensure that rules and orders issued from time to time regarding the conduct of Government officials and the orderly transaction of public business are properly understood and observed, the following arrangements are ordered:—

2. An officer of the Efficiency Audit staff or a subordinate specially authorised by Government will visit from time to time the offices mentioned in Appendix A.

3. The object of the visits will be (a) to ascertain whether there are any avoidable delays in the disposal of official business, *e.g.*, in the disposal of petitions from the public and calls for information from higher officers, in the submission of periodical reports and returns, etc.

(b) to report upon the adequacy of the registering and filing arrangements followed in respect of office correspondence,

(c) to ascertain whether rules passed to improve the efficiency of offices and of public servants are understood and observed,

(d) where necessary, to audit the office accounts if they are not subject to regular local audit by the Comptroller's staff.

and (e) to collect any information that may be required by Government in regard to the working of the office.

3. The officer or subordinate deputed to visit an office, should be allowed free access to the office registers and papers.

4. After the examination of each office, a note will be drawn up in the accompanying form Appendix B and will be sent by the Efficiency Audit Officer to the Head of the Office concerned, who will have full discretion to pass any orders or take any action that he may consider necessary. A copy of the audit note, with a note of the action taken thereon, should, however, be furnished to Government for information.

5. The business of the auditing officer or auditor will be confined to the scrutiny of the ordinary office registers and records, etc., and will not in the absence of special instructions to the contrary, include the examination of purely departmental or technical work.

6. In order to give effect to the above arrangements which will be in force for 2 years as an experimental measure, three officials designated Auditors of Office Business will be appointed. Two of them will draw a pay of Rs. 100 each and the other Rs. 150 per mensem. The cost of the establishment will be included in the budget of the Efficiency Audit Branch.

7. A separate memorandum of instructions will issue regarding the appointment, training and work of the Auditors.

Organization and Development Work.

No. 2752-2301—E. A. G. 244-18, DATED 29TH JUNE 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 9252-301—G. M. 411-16-1, dated 5th January 1917, issuing certain instructions regarding Organization and Development Work.

Order No. 2752-2801—E. A. G. 244-18, dated 29th June 1918.

In modification of Government Order No. G. 9252-301—G. M. 411-16-1, dated the 5th January 1917, the arrangements detailed below will be adopted with effect from the 1st July 1918, for Organization and Development work. As stated in paragraph 5 of the order quoted above, the objects to be kept in view in each branch of the administration will be :—

- (1) Study of permanent improvements required.
- (2) Cataloguing and systematic investigation of existing major and minor wants and defects and remedies therefor, and
- (3) Collection and maintenance of statistics and comparative information in all important departments of the State.

2. *Organization and Development Work—General Administration by Main Divisions.*—The entire work of the administration may be classified under five main divisions (particularised in Appendix I), as under :—

- I. Administration General (including Miscellaneous),
- II. Revenue and Local Self-Government,
- III. Protection and Miscellaneous,
- IV. Technical Departments,
- V. Peoples' Progress—Economic.

3. There will be a two-fold agency for carrying on the Organization and Development work of the divisions, *viz.*, a Central Organization and a Departmental Organization. Large questions of principle and policy, important improvements and questions connected with the reorganization of the departments, major wants and defects will be dealt with by officers connected with the Central Administration and the Heads of Departments. The questions to be dealt with by the Departmental Organization will be chiefly those of a technical, minor or local character.

CENTRAL ORGANIZATION.

4. *Method of work.*—Each of the Divisions will be in charge of the Dewan or a Member of Government and will be composed of an Organising Secretary, some selected Heads of Departments and other senior officers and a Vigilance Officer. The Organising Secretary will prepare lists of subjects for investigation, call for meetings and perform other incidental duties connected with the scheme. Appendix II shows the Organising Secretaries and the principal officers associated with the work of each Division. Appendix III contains a detailed statement of the duties of Organising Secretaries and Vigilance Officers.

The officers connected with each division will be required from time to time to meet the Dewan and Members of Government in order to discuss the progress of Organization and Development work.

No. 2752-2801—E. A. G: 244-18, DATED 29TH JUNE 1918.

5. *Preparation of lists.*—The following lists should be maintained for each Division by the Organising Secretaries:—

- (1) A "Current List" of half-a-dozen or more important items selected for four months at a time.
- (2) A "Reserve List" of subjects to be taken up as the current ones are disposed of.

6. *Publications.*—When the study of a subject is completed, the results should be embodied in the form of a—

- (1) note or memorandum,
- (2) leaflet or bulletin and, when necessary, also a
- (3) responsibility sheet,

which should be forwarded for the consideration of Government. These publications will be numbered in a separate series for each Division and such of them as are of permanent interest will be printed after approval. Memoranda, etc., prepared by the several departments will, if printed, bear the serial number of the Division in which the department is included.

DEPARTMENTAL ORGANIZATION.

7. *Method of work.*—Besides the Central Organization referred to above, there should be a Departmental Organization on similar lines for every one of the departments of Government. Every Head of a Department will be requested to map out the work requiring to be done in furtherance of these objects and prepare—

- (1) a list of important questions requiring consideration.
- (2) a list of subjects for study, that is, subjects connected with the department in which individual officers may usefully specialise.

The questions and subjects in these two lists should be distributed among the subordinate officers of the department according to their aptitude and capacity. As a rule, no officer should be expected to take up more than three questions for development or more than one subject at a time for specialisation.

8. The list should be revised and progress reviewed once every half-year, in the months of January and July, by the Head of the Department concerned who should forward a copy of his review to Government for information, along with copies of the revised lists which will be recorded in the Secretariat after scrutiny and approval.

9. *Publications.*—Notes, reports, etc., prepared on the different subjects should be submitted to the Division for being printed among the series of publications referred to in paragraph 6 above.

10. *Statistics.*—Every Division and every department should compile and keep up-to-date comparative information and statistics connected with its work on the lines indicated in Appendix IV.

11. A report of work done during each year should be submitted by Organising Secretaries and Heads of Departments before the 31st July.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretaries to Government.
The Heads of Departments.

Encl.—C. R.

No. 2752-2801—E. A. G. 244-18, DATED 29TH JUNE 1918.

ORGANIZATION AND DEVELOPMENT WORK.

APPENDIX I.

MAIN DIVISIONS OF WORK.

I. ADMINISTRATION—GENERAL (including Miscellaneous).

No. 2752-2801—E. A. G. 244-18, DATED 29TH JUNE 1918.

APPENDIX III.

DUTIES OF ORGANIZING SECRETARIES AND VIGILANCE OFFICERS.

1. Each Organising Secretary will be responsible to stimulate and watch progress in respect of the Division or Divisions with which he is concerned.
2. His main duties will be—
 - (1) To maintain a list of important items selected for action during the year and distribute the same among the workers.
 - (2) To maintain a reserve list from which selections might be made from time to time.
 - (3) To maintain a register in which all new ideas are entered.
 - (4) To obtain reports of progress on the subjects from the workers and review the same at specified intervals, generally once a month.
 - (5) To arrange for periodical meetings for taking stock of progress, exchanging ideas and preparing plans for the future in the light of previous experience, once a quarter or whenever necessary.
 - (6) To arrange with Heads of Departments for specialization by officers in branches of administration or subjects with which they are concerned.
 - (7) To see that correct statistics and comparative information are maintained in each department.
 - (8) To transfer to the Secretariat concerned for further action, subjects which have been finally dealt with on the Organization and Development side.
3. There shall be a Vigilance Officer for each Division as follows:—

Division	Name of Vigilance Officer.
I. Administration	Mr. B. Srinivasaiengar.
II. Revenue	„ T. E. Jayarama Iyer.
III. Protection	„ G. Aravamudu Iyengar.
IV. Technical	„ M. G. Ranguiya.
V. Peoples' Progress	„ A. V. Ramanathan.

The duties of a Vigilance Officer as regards the Division assigned to him will be to see (a) that programmes of work (current and reserve) are prepared properly and in time, (b) that the progress is adequate and (c) that the rules regarding the Organization and Development work that may be passed from time to time are duly observed.

4. The Secretaries are expected to enlist, as far as possible, and wherever necessary, the co-operation of non-official gentlemen in working up questions of public interest. This is a most important duty as it will give the public a knowledge of, and training in, public administration.

5. The general correspondence with the scheme connected will be conducted by the Chief Secretary in the Efficiency Audit Department.

ORGANIZATION AND DEVELOPMENT WORK.

APPENDIX IV.

COMPARATIVE STATISTICS AND INFORMATION.

I. Policy and Objects.

- (a) A concise statement of the policy and objects of the department as laid down in Government Orders. A reference to discussions, if any, on the subject.
- (b) Summary of statements of policy, if any, made by other Governments in regard to corresponding departments elsewhere.
- (c) Definite results which it is hoped to achieve within a period of five or ten years.
- (d) Large outstanding questions requiring investigation.

II. Organization.

- (e) Outlines of organization, as compared with the organization of similar departments elsewhere, e. g., strength and cost of staff, grades of officers, range of salaries, size of administrative charges, relation to other departments, etc.

III. Rules and Procedure.

- (f) Essential rules and procedure in each branch of work compared with similar rules elsewhere.

IV. Statistics.

- (g) Up-to-date statistics connected with the operations of the department, compared with the most recent statistics obtainable for other parts of India and other countries.

**Revised Scale of the Electrical
Department.**

No. C. P. S. 448-9, DATED 17TH JUNE 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

PUBLIC WORKS DEPARTMENT.

READ AGAIN--

G. O. No. 1009-11—C. P. S., dated the 17th November 1917, according sanction to the re-organization of the Electrical Department.

READ---

2. Note No. 26—C. P. S., dated the 21st March 1918, by the Public Works Secretary, submitting a statement containing nominations as well as recommendations made by the Chief Electrical Engineer for fixing the initial pay of each officer under the revised scale and filling up certain vacancies.

Order No. C. P. S. 448-9, dated 17th June 1918.

The re-organization of the Electrical Department was sanctioned in November 1917, with the direction that a statement of nominations for filling up the vacancies as well as promotions proposed to be granted under the revised scale be submitted separately for orders.

2. After a careful scrutiny of the proposals submitted by the Chief Electrical Engineer, Government have been pleased to sanction the grant of the pay to the officers and officials, as shown in the statement attached, with effect from the date specified against each.

S. CADAMBI,
Offg. Secretary to Government,
Public Works Department.

To--The Chief Electrical Engineer.

The Comptroller of Mysore (through the Financial Secretary to Government).

No. C. P. S. 448-9, DATED 17TH JUNE 1918.

Statement showing the nominations and promotions of the Canvey Power Scheme Staff under the revised scale sanctioned in G. O. No. 1009-11 - C. P. S., dated the 17th November, 1917.
